About Strawberry Hill

Located in South-Central Pennsylvania, Strawberry Hill has been teaching and promoting environmental stewardship since 1986. Through innovative nature programs, summer camp, and hands-on learning, our naturalists educate more than 8,000 people every year. Strawberry Hill is Adams County’s only nonprofit environmental education center and, since the debut of our owl, we offer the only live raptor program in the area.

Strawberry Hill Foundation, Inc. is a registered 501 (c)(3) nonprofit organization. Memberships and contributions to Strawberry Hill are tax-deductible as allowed by law.

There is no better classroom than the outdoors!

Our Mission

Strawberry Hill inspires stewardship of our natural world by connecting the community with educational opportunities.

Program Protocols

Strawberry Hill is taking precautions to protect our community from COVID-19. We currently offer limited programming available to families and private, small groups for up to nine individuals.

In addition:
- Programs are held exclusively outdoors.
- A mask must be worn in all indoor facilities, including restrooms.
- Participants are required to practice social distancing from individuals who are not part of their household.
- Participants are required to wear masks unless it creates an unsafe condition, or you have a medical or health condition or disability that impedes the wearing of a mask.
- Staff are required to wear masks while interacting with the public.
Stream Study with Bug TV
60 minutes
$50 per group (up to 9 people)

This interactive aquatic ecology program introduces participants to the tiny insects living in mud and under rocks. This program features a stream study in Middle Creek and you will get wet! Naturalists will teach you to catch and identify macro-invertebrates for up-close viewing on Bug TV.

*This program is ideal for learners ages 6+, but all ages are welcome.

Animal Meet & Greet
30 minutes
$50 per group (up to 9 people)

Get up close and meet some of Strawberry Hill’s resident animals, including our striped skunk, barred owl, reptiles, amphibians, and insects. We encourage you to pack a picnic to enjoy before or after your presentation!

Bug Bonanza
60 minutes
$50 per group (up to 9 people)

During Bug Bonanza, participants learn all about insects and how to characterize insects from non-insects. Additionally, you will learn about life cycles, native and invasive insects, and enjoy a guided hike searching for bugs!

Hike with a Naturalist
60–90 minutes
$50 per group (up to 9 people)

Hike Strawberry Hill and Michaux State Forest with Education Coordinator, Lizzy Ryan! Explore the woods through the eyes of a naturalist and enjoy learning about our local flora and fauna. Depending on participant ages, we can even incorporate fun activities to keep even the littlest hikers engaged!

*These hikes are 1-mile in length on easy to moderate terrain.
