CH 170 Series

Construction
- Diffuser is .125” white acrylic and canopy is 20 gauge steel
- Flat diffuser provided in bottom unless other options are selected
- Finish is textured powder coat polyester
- 3/4” x 1” wood accents are stained golden oak unless otherwise specified
- 7/8 O.D. stem or 7/32” chain is provided in length as required for specified overall suspended height

Electrical
- Integral multiple-lamp electronic ballasts are wired for 40 watt long compact or 32 watt T8 fluorescent lamps
- Lamps may be split into two circuits for remotely switched two-level illumination
- 120V-277V electronic ballasts are standard (347V optional)
- Optional single incandescent reflector lamp downlight has concentric louver assembly below for glare control
- Mounting plate above canopy mounts to ceiling structure and covers junction box
- Loop on stem meets seismic requirements
