2600 SERIES

Description
The 2600 Series Steplite is a high performance, low-level surface wall mounted fixture for illuminating walkways and walls. The design offers the capability for uplighting, downlighting, or both.

Features
The ADA-compliant dimensions and smooth design make the FannyPack XL a unique choice for walkway illumination, with the added capability for uplighting. The rugged cast aluminum construction ensures long service in most public areas.

Applications
The FannyPack XL is suitable for walkway lighting along corridors, at the sides of stairs, or at columns, where the uplighting can highlight the architecture.

Custom
If your project demands a special fixture we would be pleased to discuss the production of custom fixtures to suit your specific conditions. For more information on our custom capabilities, please contact your local Cole representative.

LED and fluorescent may be specified for this series.

F2636W-2-ST/ST with surface collar

L2600W-1-SC-FG with surface collar

**Options**

- **Alternate finishes:** Metallic aluminum or textured white. Add suffix -ALU or -WHT.
- **Diffusers:** Select one or two diffuser choices. If same diffuser selected for two-diffuser models, state selection twice. *(Example: L2600W-2-ST/ST)*
  Add suffixes as required.
  - Frosted tempered glass -FG
  - Ribbed glass spread lens -ST
  - Prismatic tempered glass -C73
  - Perforated panel/glass -PF
  - Opal glass diffuser -OPL
- **Surface collar:** Allows surface ballast and emergency ballast/driver location and/or surface conduit capability. Adds 2” (no longer complies with ADA) to overall fixture depth. Add suffix -SC.
- **Emergency battery:** LED and fluorescent models only. Provides 90 minutes operation. Requires recessed housing or surface collar.
  Add suffix -EM
- **LED colors:** 4000°K (1133 lm),-HO (1935 lm).
  Add suffix -4K.
  Amber (FWC compliant, 560 nm). Add suffix -AMB.
  Blue. Add suffix -BLU.
- **Dimming:** Universal voltage 0-10V driver.
  Add suffix -DIM.

**How to Specify**

1. Select catalog number.
2. Add suffixes for options required to meet job conditions.
