### Description
The L131 Series Steplites provide heavy-duty, cast aluminum construction in a handsome, small package. High-performance LEDs, along with integral drivers, are available in different colors. The faceplate design features low-glare performance with no direct view of the LEDs’ brightness. Its exterior rating makes it ideal for use in side walls along stairways, walkways, and ramps.

### Custom
If your project demands a special fixture we would be pleased to discuss the production of modified standard fixtures or custom fixtures to suit your specific conditions. For more information on our custom capabilities, please contact your local Cole representative.

**Options**

- **Core drill installation**: Supplied with 6 ft. 18/3” jacketed cord. Add suffix -CD.
- **LED color**:
  - 4000°K (470 lm). Add suffix -4K.
  - Blue. Add suffix -BLU.
  - Amber. Add suffix -AMB.
  - 590 nm Amber (FWC compliant). Add suffix -AMB/590.
- **Voltage**: 277V driver, universal voltage standard. Add suffix -277.
- **Dimming**: 120v only, ELV dimming driver. Add suffix -DIM.
- **Tamperproof screws**: Socket head faceplate screws. Add suffix -TP.

- **Cast bronze faceplate**: Satin finish, clear coated. Add suffix -B.
- **Alternate faceplate colors**:
  - Black. Add suffix -BLK.
  - Metallic aluminum. Add suffix -ALU.
  - Custom color. Add suffix -CC.
  - Brushed satin nickel plated. Add suffix -BN.

**How to Specify**
1. Select catalog number.
2. Add suffixes for options required to meet job conditions.
