Description
The 130 Series of Directional Signs feature a sleek design combined with size flexibility which allows the sign proportions to fit the copy requirements. The rugged construction, engineering excellence, and quality make these fixtures ideal for specification in most public areas.

Features
The sign bodies are available in three sizes for matching the proportions of the required copy. They are available single or double faced and with options for wall, ceiling, and pendant mounting. The light source includes LED modules or E26/Medium base lamps.

Applications
The 130 Series Directional Signs are suitable for all interior applications.

Custom
If your project demands a special fixture we would be pleased to discuss the production of custom fixtures to suit your specific conditions. For more information on our custom capabilities, please contact your local Cole representative.
**Construction**
- Fixture housing is constructed from extruded aluminum with die-cast aluminum ends.
- Standard finish is white polyester.
- Sign panels are .125" white acrylic.
- Sign panels slide in with one end removed.
- End or ceiling brackets are die-cast aluminum.
- cULus listed.

**Copy**
- Copy is silk-screened on white background.
- Other colors and letter styles are available.
- Custom copy may be applied vinyl letters for small quantities.
- Special graphics are available.
- Optional Read-Out Face provides blank bronze panel with copy visible only when lighted.

**Electrical**
- Fixture is wired with LED modules optional (universal voltage).
- E26/Medium base lamps.
- Optional 277V driver, universal voltage.

**Mounting**
- Surface wall mounted fixtures have holes in back panel for direct mounting to junction box.
- End or top brackets have mounting plate for direct mounting to junction box.

**How to Specify**
1. Select catalog number with desired features.
2. Add suffix for desired copy, or -CC/ and specify copy requirement.
3. Add suffixes for options required to meet job conditions.

**Options**
- **Alternate color:** Black paint. Add suffix -BLK.
- **Mounting:** (back wall is standard);
  - Right end. Add suffix -RE.
  - Left end. Add suffix -LE.
  - Top ceiling. Add suffix -C.
- **Pendant mount:** 18" stem, "A" housing only.
  - Add suffix -S1. (2)18" stems, "B & C" housing only. Add suffix -S2.
- **Double face:** (Include mounting option);
  - Add suffix -D.
