

QUINCY

Quincy Davis is a professional surfer and influencer. A Montauk, NY native, she started surfing at the age of seven and grew up among a community of surfers. As a young girl, there were no other females in her division, so Quincy fearlessly surfed with the boys, breaking barriers for female surfers everywhere.

In 2009, she placed first in the NSSA Open Women Championships and has achieved first place titles subsequently in the Corona Extra in 2010, 2012 and 2015. She has consistently placed in countless surf championships including the Volcom Qualifying Series, Oakley World Pro Junior and the U.S. Open.

As a professional athlete at the top of her sport, Quincy's nails must always be in tiptop form as she can usually be seen catching waves, practicing pilates and yoga, or reading a book with her toes in the sand. We love Quincy for her adventurous spirit, effortless style and incredibly focused vision, and for being an inspiration to countless young women.

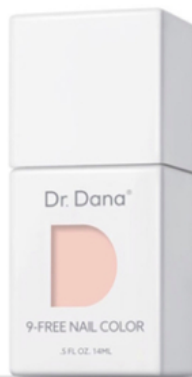

A portion from the sale of this nail color will be donated to Quincy's charity of choice.
