Amazement Square is committed to creating an engaged community and fostering a love for lifelong learning. Our exhibitions are hands-on environments that bring learning to life and explore themes from ancient history to mathematics, incorporating local culture and cultures from around the world. Corporate support enables us to maintain beloved exhibits, create new environments, and bring nationally significant exhibitions to our region. Amazement Square works to strengthen our community by inspiring students to seek knowledge. Our Education Programs support local schools with SOL-enhancing hands-on lessons, both at the museum and through our outreach program, which brings programs to classrooms. Your support enables us to improve the quality of learning in our region, champion emotional and physical health, and facilitate interactive STEM experiences, providing learning experiences of the highest quality and ensuring these opportunities for all.
