9.07245

Perrin & Rowe® diverter maintenance O-ring set for diverter on four hole deck mount Roman tub filler mixes U.3248, U.3249, U.3737, U.3738, U.3745, and U.3746. Sent with instructions.

9.07840

Perrin & Rowe kitchen spout seal kit for all "C" spout kitchen faucets includes O-ring, plastic split ring, and set screw

9.13195

Perrin & Rowe® 1/2" valve 1/4-turn clockwise opening for cold side lever handle.

9.13196

Perrin & Rowe® 1/2" valve 1/4-turn counterclockwise opening for hot side lever handle and hot and cold cross handles.

9.13362

Perrin & Rowe® spout diverter assembly only for all kitchen faucets with rinse sidespray including U.4775X, U.4776L and U.4746.

9.13378

Perrin & Rowe® cartridge only for the U.5542N new style three port two way diverter and the U.5373N, U.5383N, U.5783N and U.5883 exposed shower diverters.

9.13500

Perrin & Rowe® 3/4" valve 1/4-turn clockwise opening for cold side lever handle only.

9.13501

Perrin & Rowe® 3/4" valve 1/4-turn counter clockwise opening for hot side lever handle and hot and cold cross handles.

9.13554

Perrin & Rowe® 24pt. thermostatic cartridge for exposed and concealed mixers. Please note: Test the installation before replacing the cartridge. On new installations, most cartridges have to be calibrated. This is the most common reason for replacement. On older installations, take the cartridge out and flush with high pressure. This occasionally returns an older cartridge to working condition. Also fits R1085BO.

9.13566

Perrin & Rowe® 20pt. new style thermostatic cartridge for concealed and exposed thermostatic mixers package with spline adaptor

9.13841

Perrin & Rowe® mixing control cartridge only for all single lever kitchen faucets including U.4741, U.4746, U.4739 and U.4747. Sent with instructions.

9.15402

ROHL FINISHES

Maintaining the experience of AUTHENTIC LUXURY

The finishing touch of every ROHL faucet is its exquisite surface. Each finish conveys the experience of authentic luxury through a distinctively soft, warm, genuine feel in comparison to other products made with synthetic coatings.

Maintaining Your ROHL Finish

No matter which finish you select, here are a few simple steps to keep your ROHL kitchen and bath fixtures looking beautiful for years:

- Daily, pat the fixture dry with a soft cloth after each use. This is the single most important care you can give any finish!
- Occasionally, use a mild clear liquid soap with a neutral PH balance and water to gently clean your faucet. Do not use Dove®, colored soap or anti-bacterial soap. These products will leave a residue that could harm your finish.
- When necessary, a 50/50 solution of vinegar and water can be applied to remove hard water deposits. Do not soak the product in the solution. Vinegar is a mild acid which will harm the finish with prolonged contact. Premix in squirt bottle, spray/clean/rinse/wipe dry. Use a toothbrush to break-up mineral deposits. This is not suggested for living finishes. An alternate cleaning solution is Simple Green® and may be used in a 50/50 diluted solution.
- Avoid all cleaning products that contain ammonia, bleach, alcohol and abrasives. They may damage the finish.

PRODUCT INFORMATION

FIRECLAY SINKS

We recommend using a soft sponge or cloth and a mild abrasive. Daily cleaning with abrasives or abrasive pads will not harm the surface. Waxing the sink will encourage drainage.

On the occasion that a metal pot or pan may leave a mark on the surface of the sink, we recommend Astonish cleaner. A mild abrasive cleaner like Bon Ami® is also acceptable.

PRODUCT INFORMATION for LUXURY STAINLESS STEEL & STAINLESS COPPER SINKS

For everyday maintenance, wash the sink with water and a mild dish soap. Thoroughly rinse and dry with a cloth. If the steel has a sheen from oil, wash with warm water and vinegar (10-15%), then rinse thoroughly and dry.

For heavy-duty cleaning, specific cleaning products for stainless steel, such as ROHL's RSSCLEANERCREAM, can be used. If other brands are used, please make sure that the product is cream based and not powder based, and that the cream does not contain solid particles that may scratch the material. Abrasive products are not recommended. Remember that all cleaning materials should be used in moderation. USE OF ANY HARSH CHEMICALS WILL VOID WARRANTY.

Take care to avoid strikes, dropping heavy objects into the sink and not using utensils which can scratch the surface. Also, avoid contact with chemicals, metal products and metal brushes. Do not leave tomato residue, milk or coffee on the sink for an extended period of time. Avoid metal cans with wet bottoms, and iron objects in general, including cleaning sponges with iron wool. Please note that prolonged contact of any of the above mentioned substances with the sink can start an electrochemical corrosive attack, even though very mild.

HOW TO CARE AND MAINTAIN ROHL FINISHES

Do not use harsh chemicals or household cleaners with harsh chemicals or abrasives.

POLISHED CHROME, POLISHED NICKEL, STAINLESS COPPER AND ROSE GOLD

Cleaning: Pat dry after use to avoid hard water spots. Clean using liquid soap and water or a 50/50 solution of water and white vinegar. Do not soak the fixture in the vinegar solution or allow the vinegar solution to soak on the finish.

Maintaining: Polish by applying Simichrome Polishing paste and then buff out with a clean soft cloth. Protect by applying Flitz Polish or Bruno's Faucet Wax.

SATIN NICKEL

Cleaning: Pat dry after use to avoid hard water spots. Clean using liquid soap and water or a 50/50 solution of water and white vinegar. Do not soak the fixture in the vinegar solution or allow the vinegar solution to soak on the finish.

Maintaining: Polish by applying Gagnon's SX. Remove black or white spots, mineral deposits and tarnish marks by lightly brushing the finish using a green Scotch Brite™ pad and water. Protect using Flitz Wax or Bruno's Faucet Wax. Brush in the same direction as in faucet.

ITALIAN BRASS, FRENCH BRASS AND ENGLISH GOLD

(5-Year LIMITED Warranty on Italian Brass and English Gold, NO Warranty on French Brass)

Cleaning: Pat dry after use to avoid hard water spots. Clean using liquid soap and water or a 50/50 solution of water and white vinegar. Do not soak the fixture in the vinegar solution or allow the vinegar solution to soak on the finish. Do not rub or buff.

ENGLISH BRONZE

Only available in Perrin & Rowe® collections.

Cleaning: Pat dry after use to avoid hard water spots. Clean using liquid soap and water or a 50/50 solution of water and white vinegar. Do not soak the fixture in the vinegar solution or allow the vinegar solution to soak on the finish. Do not rub or buff.

Maintaining: Protect using Flitz Wax or Bruno's Faucet Wax. Apply by patting on and patting off. Do not rub or buff.

OLD IRON, MATTE BLACK

(5-Year LIMITED Warranty on both finishes) These are the only powder coated finishes in the ROHL line.

Cleaning: Pat dry after use to avoid hard water spots. Clean using liquid soap and water or a 50/50 solution of water and white vinegar. Do not soak the fixture in the vinegar solution or allow the vinegar solution to soak on the finish. Do not deep clean or use abrasives.

Maintaining: Protect using Flitz Wax or Bruno's Faucet Wax. Apply by patting on and patting off. Do not rub or buff.

UNLACQUERED BRASS, SATIN UNLACQUERED BRASS (NO Warranty)

This is a living finish; it will tarnish and patina over time.

Cleaning: Pat dry after use to avoid hard water spots. Clean using liquid soap and water or a 50/50 solution of water and white vinegar. Do not soak the fixture in the vinegar solution or allow the vinegar solution to soak on the finish.

Maintaining: Protect using Flitz Wax or Bruno's Faucet Wax. Apply by patting on and patting off.

STAINLESS STEEL

Cleaning: Pat dry after use to avoid hard water spots. Clean using liquid soap and water or a 50/50 solution of water and white vinegar. Do not soak the fixture in the vinegar solution or allow the vinegar solution to soak on the finish.

Maintaining: For deep cleaning, apply Astonish and buff out with a clean soft cloth. Protect using Flitz Wax or Bruno's Faucet Wax.

SATIN GOLD, TUSCAN BRASS

(5-Year LIMITED Warranty on Satin Gold, NO Warranty on Tuscan Brass)

Cleaning: Pat dry after use to avoid hard water spots. Clean using liquid soap and water or a 50/50 solution of water and white vinegar. Do not soak the fixture in the vinegar solution or allow the vinegar solution to soak on the finish.

Maintaining: Protect by using Flitz Wax or Bruno's Faucet Wax. Apply by patting on and patting off. Do not rub or buff.

OUTSIDE USE

ROHL products may be used outside. However, we do not offer a warranty. Use these tips for a successful installation. Polished Chrome is the most durable of ROHL finishes and is the best finish for outside installations. Pat dry after use to avoid hard water spots. If minerals or salt are accumulating on the fixture, clean by applying a 50/50 solution of water and white vinegar, then pat dry. Do not soak the fixture in the vinegar solution or allow the vinegar solution to soak on the finish. Spray weekly with fresh water, wipe dry and apply Flitz Wax or Bruno's Faucet Wax to avoid hard water spotting. If in freezing temperatures, winterize fixtures by removing cartridges, drain all water or store fixtures indoors.
