The Vintage Radio & Communications Museum will be holding its first post-Covid swap meet on Saturday, September 12th from 8:00 am to about 1:00 pm.

This will be an outdoor tailgate affair and proper social distancing and PPE will be required. This is the first meet being held since January as the pandemic wiped out our April and June Meets so the collectors and dealers are chomping at the bit to come back and show off their collections.

The museum has accumulated a lot of items too, as people have used their time stuck at home to clean out their attics and basements.

The museum is located at 115 Pierson Lane in Windsor, CT. It should be a great meet so come on down and join the fun. For more information call the museum at 860-683-2903.
