ANNUAL THEME
1 Peter 2:9-10

“But ye are a chosen generation, a royal priesthood, a holy nation, a peculiar people... the people of God.”

DECENTERING POWER & PRIVILEGE: BECOMING A peculiar people

DESCENTRALIZANDO EL PODER Y PRIVILEGIO: CONVIRTIÉNDOSE EN UN pueblo peculiar
Here are some of the advocacy actions we took in 2018:

• Helped to publicize the case of Gilles Bikindou, a member of the Greenwood Forest Baptist Church in Cary, NC who was targeted by ICE for deportation. Though we were not successful in preventing the deportation, we were able to provide direct support to the church and its pastors, widen their community of support and action, and provide our members with specific ways of responding. In the process, many people were educated about the malicious nature of ICE enforcement.

• Advocated for people in Chalchihuitan, in the Highlands of Chiapas, who have been displaced due to the violence created by heavily armed groups moving into the area.

• Joined nearly 300 religious leaders and faith organizers in urging the DHS Secretary to protect Syrians in the U.S. from being forcibly returned to the horrors of war.

• Endorsed the Call for Olympic Truce Actions: Diplomacy NOT War.

• Were part of Faiths United to Prevent Gun Violence advocacy efforts throughout the year.

• Signed onto a letter sharing our serious concerns with the ADA Education and Reform Act (H.R. 620) and its injurious impact on people with disabilities.

• Participated in Baptist Call-In Day for a Clean Dream Act.

• Signed onto a Faith Organizations letter urging the US Congress to cut funding for immigration detention, deportation, and border militarization.
• Participated in efforts to protect Temporary Protective Status for immigrants to the US from El Salvador, Nepal, and more.

• Signed onto a letter urging the Trump administration to extend Deferred Enforced Departure (DED) for Liberians for at least another 18 months.

• Signed on as an organizational sponsor of the Assault Weapons Bill Ban.

• Signed on to a letter to Tell the US Congress to Oppose Record-Low Refugee Arrivals and Support Refugee Resettlement.

• Supported the Cooperative Baptist Fellowship in its payday lending ministry to preserve rules against Predatory Lending.

• Promoted actions from KAIROS Canada urging parliament to support the United Nations Declaration of the Rights on Indigenous People Act.

• Urged members to participate in Orange Shirt Day to remember the children and communities dramatically affected by the Indian Residential Schools System.

• Signed onto a letter urging ICE to end the detention of pregnant women.

• Endorsed Move the Nuclear Weapons Money, a global campaign to cut nuclear weapons budgets and investments and reallocate these to meet economic, social and environmental need - such as ending poverty, protecting the climate and achieving the Sustainable Development Goals.

• Were represented by a strong contingent of members at the SOA Border Encuentro on the US-Mexico border standing in solidarity with all those resisting Border and US Imperialism.

• Supported efforts fighting against a proposed rule that could deny permanent residency to legal immigrants who have used, or might use, safety-net programs such as the Supplemental Nutrition Assistance Program (SNAP) or Medicaid.
Summer Conference

From July 2-7, 2018 we hosted our annual conference with the theme *Decentering Power and Privilege: Becoming a Peculiar People*. Each day held a specific theme around which plenary presentations, Bible studies, workshops, films and evening worship were designed:

- Monday: Unity vs. Uniformity
- Tuesday: No Limits, No Boundaries, No One Left Out
- Wednesday: Decolonizing the Americas
- Thursday: I’m Coming Out
- Friday: Let’s Go Back to the Water
- Saturday: What You Gonna Do When You Get Out of Jail

The curriculum for the week was challenging for many, as marginalized people and privileged people endeavoured to share truth and listen in love. All plenary gatherings and most other activities were conducted in English and Spanish. The days began with morning devotions and ended with evening synthesizing. Morning plenaries included Trainings around Racial Justice and Activist Theology, Bible studies, and more. Wednesday and Friday morning activities also included a wide variety of workshops, including “Indigenous Concerns throughout North America,” “Mujer, paz y poder (Women, Peace & Power),” “Worshipping in the Onion Fields: A Church of the Undocumented,” and “Leaders Who Were Led: Preparing the Next Generation of Leaders.” Evenings were devoted to worship, singing, and storytelling. Participants left the week with new and challenging information and unexpected new friends—new fellow pilgrims on the journey toward truly becoming a peculiar people.
From September 18-26, 2018, we hosted an immigration immersion trip, the first in a series of annual immigration immersion trips through a partnership between BPFNA ~ Bautistas por la Paz and American Baptist International Ministries. The purpose of these trips is to bring faith and community leaders into a deeper understanding of the true stories behind the immigration debate, focusing on real relationships and conversations with those whose lives are most impacted by immigration policy and economic practices. This trip was led by Ray Schellinger, ABC’s International Ministry’s global consultant for Immigrants and Refugees, who has been leading trips such as these for the last 11 years.

“The impact of the trips has been profound for many the participants,” observed Schellinger, “quite a few of whom have gone on to be very strong advocates for issues of immigration justice in the US and elsewhere. These relationships are integral to developing a sense of empathy with real people who are typical of those who cross into the US. We are essentially trying to put a face to the statistics that get thrown around.”

Participants were hosted at Deborah’s House, a ministry for victims of domestic violence. The shelter provided group members the opportunity to learn from and establish relationships with the women and children who reside there and gave participants an understanding of the economic and social difficulties that migrants face.

The trip included visits with:
- Border Angels- An advocacy group for immigrant rights
- Dreamer Moms- An organization of deported mothers whose children remain in the US
- Deported Vets- An organization providing support and legal aid for deported US veterans
- Border Patrol- A tour given by the US Border patrol
- US Customs- A tour given at the port of entry by the US Customs and Border Protection
- Border Church- An ecumenical, binational, bilingual worship/communion service on the border at Friendship Park
- Casa del Migrante- A Catholic ministry for immigrants, mostly deported men
- Little Haiti- A new community of thousands of Haitian migrants
- Camino del Salvacion- A Baptist Church which is beginning a new shelter for migrants
- A road trip to the east to see the border in the desert, as well as to see the prototype border wall sections
- Meeting with a chaplain who works in the immigration detention facility in Mexicali.

UPCOMING: 2019 GLOBAL BAPTIST PEACE CONFERENCE

PEACE IN OUR LAND: TOWARD A WORLD WITHOUT VIOLENCE

15-20 JULY
UNIBAUTISTA
CALI, COLOMBIA

www.globalbaptistpeace2019.org
“Not only did you give us an excellent representation of BPFNA, but the wisdom and insight of the discussion was powerful.”

**TRAININGS**

- Offered *Racism, Trauma and Resilience* workshop at Belmont University.
- Offered *Do Not Be Afraid: Changing the Narrative in the Midst of Racial Conflict* for the Women’s Leadership Initiative at the Nashville branch of Central Baptist Seminary.
- Co-sponsored and spoke at the *Getting Real about Gun Violence* conference held in Charlotte, NC.
- Offered *Racism, Trauma and Resilience* workshop at the ABHMS Space for Grace gathering.
“We have been able to share the Values for Nonviolence model with more than 800 children, which will help them build communities of peace today as well as in the future as adults.”

Ildephonse Niyokindi of the Pan African Peace Network of Burundi recently led an intense Conflict Transformation [training] with a diverse group of community leaders from throughout the country. Those trained have committed to return to their own communities and share what they have learned so that the impact will be exponential!
GAVEL FUND

Thirteen grassroots groups received Gavel Memorial World Peace Fund grants from BPFNA ~ Bautistas por la Paz for 2018 projects that served to gather, equip and mobilize peacemakers.

CONFLICT TRANSFORMATION

Nine of the projects began or deepened training in Conflict Transformation in contexts as varied as Mexican elementary schools and a refugee camp located in Ethiopia. Workshops, including the hugely successful Training of Conflict Transformation Trainers events, took place in several locations throughout Mexico as well as in Burundi, Kenya, and South Sudan and targeted such groups as children, youth, teachers, village leaders, church leaders, and activists. All of these events were planned by local partners with deep roots in the areas they serve. These groups are:

• Amextra (Mexico)
• Jerusalem Baptist Church (Mexico)
• Shalom Baptist Church (Mexico)
• Iglesias por la Paz / Churches for Peace (Mexico)
• Baptist Seminary of Mexico (Mexico)
• Burundi Pan African Peace Network (Burundi)
• Kingdom of Peace and Development (Kenya)
• Nuer Youth Council for Peace and Development (Ethiopia)
• South Sudan Association for Pastors Training Initiative (South Sudan)

OTHER

A grant to Camino Hermoso / Beautiful Road (Mexico) supported an arts project within detention centers in Mexico City through which incarcerated men and women participated in poetry, music, dance, painting and crafts in order to deepen people’s appreciation of their own indigenous history and practices in ways that support them reintegrating into society in peaceful and dignified ways.

The Mayan Intercultural Seminary (Mexico) also used art to promote peace through work with indigenous children and youth in four orphanages throughout Chiapas, Mexico. “MusicArte” promotes self-knowledge and expression, an appreciation of cultural diversity, and the use of practical tools for peacemaking with a group often vulnerable to drug trafficking and addiction.

A project led by the Ecumenical Christian Council of Guatemala (Guatemala) empowered and accompanied 12 communities in the municipality of San Juan Sacatepéquez as they organized against a cement company which is polluting their aquifers and destroying their livelihoods, particularly in flower production.

The final grant went to our long-term partners Trees of Peace (Zimbabwe) who are working to create a peace center in a Zambian village. This project is training villagers in conflict transformation skills while at the same time creating economic self-sufficiency. Villagers are being trained to implement organic agro-forestry projects, to master basic computer literacy skills and to use clean energy sources like off grid solar and biogas instead of firewood and charcoal. This project economically empowers villagers while protecting the environment at the same time.
Recognizing the immense impact that the Gavel projects have had, the BPFNA ~ Bautistas por la Paz Board of Directors recently voted to begin a new Peace Fund ~ Fondos por la Paz which will use a percentage of each year’s contributions to support grassroots peacemaking and begin making grants in 2019. The newly-created Peace Fund will support six projects in 2019:

• **AMEXTRA (Mexico)** in providing on-going nonviolence education for children in marginalized communities.

• **CROSSING LINES AFRICA (Uganda)** in offering training in conflict transformation and in trauma awareness and resilience for South Sudanese refugees.

• **PAN AFRICA PEACE NETWORK – BURUNDI (Burundi)** in providing conflict transformation training for youth leaders and people living with albinism.

• **SEMINARIO BAUTISTA DE MÉXICO (Mexico)** in leading peacemaking workshops in indigenous churches and in congregations in marginalized areas near Mexico City.

• **SEMINARIO INTERCULTURAL MAYENSE (Mexico)** as they work with indigenous communities impacted by injurious government policies. Using the people’s own art (poetry, story, music, drawing, video, photography), they will help to empower them for collective resistance.

• **SEPAZ (Colombia)** as they work with women who have encountered gender violence. The project offers economic empowerment along with psychological and spiritual support.
