SOME DAY

Some day
when wars cease
and the Flag of Peace
is firmly planted in every Land

Some day
when all God’s children
can go to sleep without hunger
and their parents can sleep without anxiety

Some day
when the rule of profit
will not enslave our time and labor,
when the worth of a person is no longer measured by money.

Some day
when the sick of every nation
can be cared for
without thought for material gain.

Some day when the environment
is protected instead of violated
and seen as God’s gifts
and not as our possessions,

some day, Some day, O Lord,
may that day come soon
when we are warmed by your Strength and Grace,
when we find our home and security in your eternal Kingdom.
