A Note for Beginners
The music department at Beck Center for the Arts fosters a love for music in students of all ages. From music classes to private lessons, students have many opportunities to explore the joys of making music.

When enrolling for music instruction, parents and students have the option of either group or private lessons. In private lessons, each student may learn at their own pace, and the teacher is able to focus completely on that individual student’s strengths and weaknesses. A student may change from group to private lessons at any time.

Group Classes
Beck Center regularly offers group music classes in early childhood music, piano, voice, and a rotation of additional instrument areas and interests. Group classes are a good way for beginners of all ages to experience an instrument and work with other students who are also beginning their musical journey. Classes are grouped by age groups: Early Childhood, Young Beginner, Pre-Teen/Teen, and Adult. In group settings, students develop rhythmic skills as well as improve skills of cooperation and peer interaction. After taking a group class, many students go on to take private lessons, which they can begin at any point in the semester. See class options on the schedule page and the course descriptions.

Our Early Childhood Classes are designed to introduce children from the ages of 6 months to 6 years to musical instruments and simple music concepts that will encourage future musical growth. If your child is constantly singing around the house, enjoys pounding out rhythms on pots and pans, or you are interested in having your child eventually take private lessons, we suggest they begin by enrolling in Kids-N-Tunes. After taking Kids-N-Tunes, we suggest parents register their children for Instrumental Classes, Private Lessons, or Voice Classes so they may continue to explore music making.

Private Lessons
Private lessons at the Beck Center for the Arts are offered to anyone who wishes to learn an instrument or to increase their ability on an instrument they are studying already. Our Music Staff is an accomplished group of instructors who have years of experience helping musicians of all ages discover their true potential on a wide variety of musical instruments and in singing. Online or in-person lessons are available.

Ongoing Registration
Students may enroll at any time throughout the year. Instruction is available at all levels for 30-minute, 45-minute, or 60-minute lessons. Tuition for 19 weekly half-hour lessons will range from $399 to $580 ($21 to $30 per half-hour), depending on instructor. Lessons may begin at any time and are pro-rated for the remainder of the semester. Students may enroll at any time throughout the year.

Registration Policies for Private Lessons
Registration: The registration process includes selecting an instructor, scheduling a weekly time for lessons, confirming the dates of the semester, and accepting payment for the semester tuition. Registration must be completed prior to the first lesson. Tuition and fees are due at the time of registration. Tuition is prorated after the semester begins. Registration may be completed by email with our Music Staff and payment may be made securely online or over the phone with our Customer Service team. To schedule private lessons, contact the Music Office at ahuebner@beckcenter.org.

Cancellations/Absences: Contracting for private instruction obligates a student for the entire semester. All lessons must be paid for whether taken or missed. Beck Center does not require instructors to make up student’s missed lessons. In the event the instructor cancels a lesson or a class, a make-up will be offered or a fee adjustment will be made.

Refunds: After the third week, no refunds will be issued for the remaining lessons for which the student has registered.

Voice Lessons for Children
If you have a young singer in your family, look no further than Beck Center! Private Voice Lessons are offered for students ages 12 and older, however we believe that students should have a great beginning no matter their age. For students younger than 12, we recommend registering for Voice Beginner Prep Class (ages 6-8), or when they are offered Voice Beginner Class (ages 9-11) or Voice Intermediate (ages 12-16). These classes are specially designed for children to be fun and engaging without causing damage to the voice in its earliest stages of development instructor. Read more about these classes in the Youth and Teen Music Classes sections.

For voice lesson questions please contact Jessica McGrath at jm McGrath@beckcenter.org.

Student Showcases
Student Showcases provide students with the opportunity to perform for friends, family, and peers in a relaxed recital setting. Beck Center students enrolled in the Music and Theater Education as well as Creative Arts Therapies departments are welcome to participate. Students should work with their private or group class instructor to determine pieces that are ready to perform. Each student receives a timeslot of up to 5 minutes. All participants must be available at least 30 min prior to the performance start time for check-in and warmups. Participation is free of charge for Beck Center students, although piano accompanist fees may be required. These events are free and open to the public, and when presented in-person, are located in the Music & Dance Building Recital Hall. Showcases, concerts, and recitals provide opportunities for friends and family members to support and encourage our wonderful music makers.

Programming
The Creative Arts Therapies program offers individual and group music therapy, art therapy, and adapted music, dance, art, and theater classes for individuals of all ages and abilities. In addition, the staff leads a wide variety of developmentally driven early childhood arts programs.

Through the Creative Arts Therapies, individuals with special needs, which include mental, physical, or developmental disabilities, can expect to maximize their potential while engaging in their preferred art form in a supportive, strength-based environment in order to address both artistic and non-artistic goals. Using music, dance, drama, and the visual arts as therapeutic tools, participants build cognitive, motor, emotional, and social skills as well as develop talents in the fine arts. Individual therapy content is developed based on the client’s interests, abilities, and individualized goals while adapted classes are social and skill based. Schedule an assessment to find out which class or session is right for you or a member of your family.

Beck Center for the Arts accepts family services funding for creative arts therapies programs through the Cuyahoga County Board of Developmental Disabilities, NEON and Greater Cleveland’s Positive Education Program. Financial assistance is also available to those who qualify. Please contact Tracy Ammon, Associate Director of Creative Arts Therapies at 216.521.2540 x34 or at tammon@beckcenter.org.

Beck Center Reaches Out to the Community

Beck Center for the Arts is committed to providing comprehensive arts education programs designed to challenge the minds of students and stimulate creativity. Our Outreach Education program offers a wide variety of arts education activities presented by a wide variety of arts educators, including residencies, assemblies, field trips and workshops for schools, social service agencies, libraries, and other community organizations. Activities offered include dance, music, theatre and visual art.

Our experiences may be provided in-person or through online platforms such as Zoom.

All Outreach Education programs are custom designed to fit your classroom’s grade, size and curriculum needs.

The Arts Sampler

Our popular field trip, The Arts Sampler, is a completely participatory arts sampler field trip where students grades K-12 can experience many areas of visual and performing arts firsthand. These field trips are available throughout the school year and during the summer for day camps and childcare centers. Activities are also available for scout troops, community organizations and early childhood centers. These programs may be offered in-person or via Zoom.

Early Childhood Centers

Our teaching artists and faculty are available to share their expertise at early childhood centers throughout the region. We provide developmentally and age appropriate activities to supplement the early childhood curriculum with music, theater, dance and visual arts. The arts provide opportunities for creative expressions, problem-solving, cooperative play, physical development, attention to task, following directions and many academic needs.

For more information about how to bring the arts to early childhood center please contact 216.521.254 x12 or via email at egallagher@beckcenter.org

These services are offered for an ongoing (weekly, monthly, quarterly) or on a one-time basis for a special event, field trip or performance and may be delivered in-person or via Zoom.
