

## *Series Overview*

In our journey through the story of scripture so far, we've seen that all of humanity and creation is trapped in a cycle of sin and brokenness, desperately in need of a Saviour. Now, at the centre and climax of this story, as God's people wait in longing, God sends Jesus to complete His saving work. In Jesus, a new era is inaugurated with the coming of God's Kingdom, yet it comes in an unlikely way; by Jesus' death on a cross. Now we are invited to walk in the new life that Jesus gives us, completely healed and restored, declaring the goodness of His Kingdom in the world around us.

## *The Return of the King*

**March 24, 2024 | Mark 11:1-11**

Jesus was not the kind of king they expected, he was the kind of king they needed.
