Dear Resident,

On behalf of the Board of Directors and staff of the St. Louis Altenheim, welcome to the St. Louis Altenheim. I hope you are getting settled and enjoying your new surroundings. The purpose of this guide is to provide answers to some questions you may have.

We are proud to have achieved recognition as a 2018-2019 US News and World Report Best Nursing Home and a Five Star rating from the Center for Medicare and Medicaid (CMS) Quality Rating System, that helps consumers, their families and caregivers compare long term care nursing homes more easily. Five stars is the highest rating of quality of care.

Resident and Family satisfaction and maintaining the highest quality of care and services are our top priority. After you review this Guide, should you have any questions or concerns, please contact me personally, the Chief Financial Officer or the Director of Nursing.

We hope you will enjoy the beautiful surroundings and fantastic views of the great river.

Thank you for choosing the St. Louis Altenheim. We are glad you are here.

Sincerely,

Kelly Arnold, LNHA
Administrator

ADVANCE DIRECTIVE

Our Nursing and Administrative staff will honor your written Advance Directives.

We encourage you to name an agent to act as the Durable Power of Attorney for health care decisions or Healthcare Proxy. This agent will represent you for all health-related care decisions should you become incapacitated or unable to communicate your decisions. Please provide a copy of your Health Care Power of Attorney at move-in (or later) to the Nursing staff.

Please note: A financial Power of Attorney does not provide the authority to make health care decisions.

We encourage you to execute and maintain a Limited Power of Attorney, which designates a bank, attorney, relative, or other responsible person or persons of your choice as your attorney-in-fact. This person will act for you in managing your financial affairs or filing insurance claims or requesting other benefits should you become incapacitated or unable to do these things yourself. Please provide a copy of your Power of Attorney or Limited Power of Attorney at move-in (or later) to the Nursing staff.

If you have a Living Will, Durable Power of Attorney for Health Care or DNR (Do Not Resuscitate), please be sure that a copy is provided to Nursing for your records at the Altenheim.
We recommend that you review and update these documents when there is any significant change in your conditions or at least every five years. Please provide an updated copy to the Director of Nursing and discuss your wishes with your designated personal representative to be sure we understand your express wishes.

A sample of an Advance Directive, and an excellent guide for making these types of decisions is available from the Missouri Attorney General’s office, in a booklet called *Life Choices*. A free copy is available:

- By asking Administration at this facility for a copy from the Missouri Attorney General’s office.
- Call the Consumer Protection Hotline at 1-800-392-8222.
- Send an email to the Attorney General’s office website: ag@ago.mo.gov

**BED HOLD and RETURNS**

Neither a resident nor the responsible party is required to pay a nursing facility to hold a bed. If the resident/responsible person chooses to, he/she may pay a nursing facility in order to reserve the same bed the resident is leaving.

Missouri Medicaid regulations provide that Residents may be gone from the facility overnight for up to twelve (12) nights in a six-month period, to visit friends or relatives. The six-month period is January to June and July to December.

The Missouri Medicaid Program reimburses the facility for therapeutic home reserve days provided the attending physician has documented approval in the resident’s plan of care. The coverage of a temporary leave of absence includes those periods when a participant is away from the nursing home visiting a friend or relative. It does not apply to any days during which the participant is hospitalized except for the provision under hospital reserve days.

Duration of the bed-hold when Missouri Medicaid will pay:

- Occupancy rate of the nursing home is at or above 97 percent of Medicaid certified licensed beds (not all beds in the facility have to be certified);
- 3 days if the resident is hospitalized
- If a resident exceeds the bed-hold period, he or she will be permitted to return to the facility, to his or her previous room (if available) or immediately upon the first availability of a bed in a semi-private room provided that the resident:
• Requires the services of the facility; and
• Is eligible for Medicaid nursing services.

If a resident is transferred with the expectation that he or she will return, but it is determined that the resident cannot return, that resident will be formally discharged.

If any resident wishes to return to their same room upon returning from the hospital or therapeutic leave, the resident or family may pay a bed-hold fee equal to the room rate established for the room type. For residents who participate in Missouri Medicaid, the resident or family may also pay a bed-hold fee equal to the room rate established for the room, following the 3-day Missouri Medicaid bed hold requirement.

If a resident is transferred with the expectation that he or she will return, but it is determined that the resident cannot return, that resident will be formally discharged.

**BILLING**

Billing statements are mailed on the first of each month and will include the current monthly charge and any additional service charges from the previous month. You may mail or drop off payments at the Resident Service desk.

The monthly service fee may be adjusted periodically. You will receive thirty days advance notice of any changes in service fees.

Medical supplies and prescriptions covered by Medicare and some secondary insurance providers are not included in the monthly service fees. Routine care items and over the counter (OTC) medications, such as Ibuprofen, and routine personal care supplies are included in the monthly service fee.

**Please Note:** If a specific OTC medication(s) and/or personal care item(s) is preferred or is not part of the regular house supply from St. Louis Altenheim vendors, you will need to obtain these at your own expense.

Please refer to your signed copy of the *Admission Agreement* for other details regarding your financial obligations. Please contact the Business Office with any questions or concerns.

ELECTRICAL APPLIANCES

If you wish, you may have a small refrigerator and/or microwave in your apartment. For your safety, the safety of others and as required by fire code ordinances, please do not bring any appliances with open heating elements, such as space heaters, toasters or other items that could create a fire hazard.

Please note: For your safety and the safety of all of our residents, all electrical appliances brought into a resident’s room must be checked by the Facility Maintenance Department prior to use to ensure the appliance does not present or create a hazard in this environment. Please contact the Receptionist at the Resident Service desk for more information.

Regulations require that all electrical appliances be plugged directly into a wall outlet. In the event that a power strip is needed, it must contain a circuit breaker. A surge protector power strip without a circuit breaker and extension cords are not allowed in this building by our fire code ordinances, which are determined by the City Fire Marshall.

EMERGENCY DISASTER PLAN

The State of Missouri and St. Louis City are vulnerable to natural and technological disasters. The possibility exists that an emergency/disaster situation may occur at any time. In preparation for an emergency/disaster situation, the Altenheim participates in periodic drills and annual tabletop review of the facility plan to assure compliance with current published safety guidelines.

In the event of an emergency/disaster, the facility will shelter in place unless/until the emergency exceeds the facility’s capabilities for maintaining a safe environment and/or providing food and water.

In the event that an emergency exceeds the facility’s capability the initial designated evacuation area is the front lawn on Broadway. If it is necessary to evacuate the property, the designated evacuation area is the bridge on Broadway at Carondelet Park. If it is necessary to relocate, resident’s family members will be notified of the location.

The decision to shelter in place, evacuate or evacuate and relocate will be made by the Administrator and Emergency Management personnel/First Responders. The Altenheim maintains transfer agreements with nearby facilities, should evacuation
and relocation be necessary. Families will be notified in the event of an emergency
and if evacuation is necessary, the designated area of relocation.

FALL PREVENTION PROGRAM

We maintain an ongoing fall risk reduction program, with a goal of improving
safety by reducing resident, visitor and staff falls by reducing and/or eliminating
fall risk factors. If you are not familiar with a fall risk reduction program, ask a
staff member how you can help.

FIRE AND EMERGENCY DRILLS

Drills are held monthly for the safety of all in the community. When visitors are
present during such a drill, they are requested and expected to follow directions
given by staff members.

In the event of a fire emergency:

If you are in your room, stay there with the door closed, unless directed otherwise
by Altenheim staff members. The fire department will help you if evacuation is
necessary. If you notice smoke coming in under your door, use a wet towel to
block the opening. DO NOT LEAVE THE BUILDING UNLESS DIRECTED
to do so by staff.

If a fire starts in your room, evacuate the room immediately. Go to the nearest
hall fire alarm and activate. DO NOT GO BACK TO YOUR ROOM. Go to
another resident room and call the Receptionist at the Resident Service desk or take
the fire stairs to the ground floor. DO NOT LEAVE THE BUILDING UNLESS
DIRECTED TO DO SO BY STAFF.

If you are on the elevator and the fire alarm sounds, get off the elevator at the
first stop.

For your safety, the community is equipped with sprinklers, smoke alarms and a
fire alarm system. Emergency exits and stairwells are conveniently located
throughout the community. A diagram identifying the nearest exit to your
apartment is also located in the hallway on your floor. In order to comply with
local fire ordinances, routine fire drills are held for the safety of residents and staff.
In the event of an evacuation, staff will direct everyone in the building to a designated location(s) on the property, consistent with the emergency disaster plan.

**FOOD STORAGE**

To ensure the cleanliness of our community and safety of all food, please assure that all food items are stored in airtight containers with a label and date. For your convenience, our staff will be happy to assist in storing any perishable items in the refrigerator located on your floor.

All conversations with the ombudsman are confidential. If you grant permission, the ombudsman will discuss concerns with the appropriate parties and work toward solutions. If there are any charges applicable to you, the therapy provider should notify you or your agent prior to providing any services. You will be billed for services not covered by Medicare or other secondary insurance by the therapy provider.

The goal of Therapy is to help you achieve your highest level of functioning. When you either reach your goal or your maximum potential, therapy services will end, as directed by your physician and required by the Center for Medicare and Medicaid Services (CMS).
**TIPPING**

While we appreciate recognition of staff who provide exceptional care and/or services, staff are not allowed to accept any gifts or gratuities from residents, resident’s family and/or friends. Please notify a supervisor or the Administrator, so that recognition consistent with employee policies and procedures and State regulations may be provided.

**VALUABLES**

The Altenheim strongly discourages the keeping of valuable jewelry, papers, large sums of money or other items of value in your apartment or room. While we make reasonable efforts to safeguard resident’s property, including requesting resident identification in/on personal items, such as clothing, we cannot guarantee that items will never be lost or taken. Except as provided by CMS and/or other regulations, the Altenheim cannot be responsible for personal items in resident apartments or rooms.

**VISITING HOURS AND AREAS**

Family and friends are encouraged to visit on a regular basis. Visitors are welcome any time; however, due to residents’ daily routines and schedules, the best time to visit is between 10:00 a.m. and 8:30 p.m.

We do ask that all visitors sign in and out at the Resident Services Desk in the Front Lobby. Additionally, for security purposes, resident guests may be asked to wear a visitor badge during times with increased numbers of visitors.

Residents and guests are welcome to use any of the lounges, living rooms, the front lobby and/or patios while visiting.

**VOTING**

If you are interested in registering to vote or need help to place an absentee ballot, please contact the Director of Activities/Life Enrichment. You can sign up for transportation for voting two (2) weeks prior to an election.
**WILD LIFE**

Wildlife services and the Humane Society recommend and encourage you to avoid feeding wildlife such as ducks, geese, gulls, racoons, deer, squirrels and feral animals.

Feeding wild animals can lead to a number of serious problems:
- Human food is not healthy for wild animals and they do not need it to survive
- Well-intentioned handouts may cause disease, injury and even death for the animals
- Providing unnatural food encourages wildlife to congregate in large numbers, leading to territorial fighting, attacks by predators and other issues
- Animals you feed today may have to be killed as “pests” tomorrow.

Please help us protect wildlife with your kindness…help them remain healthy, safe and free.

**WORKING TOGETHER**

The St. Louis Altenheim Board of Directors, Administration and staff will work with you to provide exceptional quality of care and service. We cannot claim to insulate or protect anyone from all risks associated with normal living or always make the world perfect, even just inside our doors.

The best quality of care and service depend upon open, honest and frank communication. Most issues are easy to correct if they are dealt with before they become larger problems. If there is anything that has failed to meet your expectations, please let us know. We will remain available to listen and then address, remedy or provide the rationale behind any action. We are here for you.

Quality of life is defined by each individual. We will work hard to protect you and your quality of life.

Since 1899, the St. Louis Altenheim, a not for profit, 501(c)(3) organization has been dedicated to maintaining a distinctive residence that fosters the fullest, most independent life possible for every senior we serve. Your generous donation is appreciated.
