Make the disability vote count!

If you or someone in your family has a disability, voting is critical! Voting for the right people can help make sure you get the right support.

Why is voting so important, especially for people with disabilities and the people who love them?

Your vote can make sure that the programs your family needs will continue to be there for you. Things like medicaid, special education, health insurance, and local support centers.

How to register and vote:

You must register before you can vote. Each state has different ways to do this, but it is very easy. Register now to make sure you have time!

1. Go to this site to find all the information you need: www.vote.org
2. Fill out the form online. Mail it or bring it to your election office.
3. Know the dates and decide to vote by mail or in person.

How to vote safely during the pandemic?

The safest way to vote is by mail. Most states will let anyone vote by mail this year. Request a ballot online, get it in the mail, fill it out and send it back or drop it in a secure ballot box at your Town Hall or local Election Commission. In most states, you can also vote early in person and avoid the lines. If you do choose to vote in person this year, be sure to bring a mask. Learn more at www.vote.org/covid-19/

Tips for voting:

- Know the dates and rules
- Register and vote as early as you can
- If anyone intimidates you or tries to prevent you from registering or voting, call the Election Protection Hotline: 1-866-687-8683

Voting is your right! Don't waste it--use it to support your family and community!
