How are we doing getting people vaccinated against COVID-19?

Percentage of the total population that have completed a vaccine series

What is the COVID-19 vaccination rate in the entire population (all ages) over time?

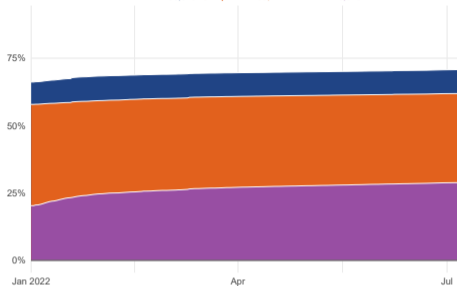

Percentage of the total population with vaccines **started**, **completed**, and with **booster**

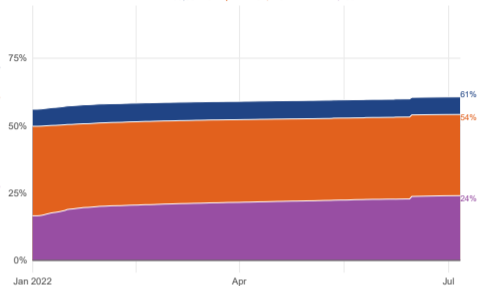

Source: CDC County data. <https://covid.cdc.gov/covid-data-tracker/#county-view>. Data as of July 06, 2022. On October 28th duplicate vaccinations were removed from the Kentucky data by the CDC causing a decrease in the rate. Large one day increases are likely due to updates and corrections to the data and not to an increase in vaccines given on that day.

Percentage of the total population with vaccines **started**, **completed**, and with **booster**
