Discussions about the adequacy of existing regulation for the digital era often focus on the substance of the rules. However, experience from the Digital Clearinghouse project shows that effective enforcement is at least as important and yet sometimes neglected in the policy debate.

Following a keynote speech by Executive Vice President Margrethe Vestager, our panel of experts will discuss the design of effective enforcement mechanisms for digital gatekeepers and how to implement them into the existing EU and national institutional settings.

11.00 Welcome and introduction by Fabian Zuleeg, European Policy Centre

11.05 Keynote speech by Margrethe Vestager, Executive Vice-President for A Europe Fit for the Digital Age, European Commission
