Derlot Editions is defined by a competitive focus on balancing versatility and functionality with an aesthetic that is unashamedly bold. Originating within a multi-disciplinary design studio, Derlot Editions pride themselves on leveraging design and the expertise of local makers to create original solutions.

This philosophy is paired with a decade of close collaboration with distributors and clients, both national and international, allowing an innate understanding of modern spaces. This dialogue has enabled Derlot Editions to establish a portfolio of modular furniture systems that can scale and adapt to suit most environments.

When opportunities for bespoke design and customisation are presented, Derlot Editions draws upon its experience to generate effective product innovations. Alongside an established product offering, these tailored design solutions maintain Derlot Editions’ presence as an all-encompassing furniture and lighting brand.

For all of our latest products and projects visit derloteditions.com
With flowing lines like its highway namesake, the Autobahn modular seating system suggests endless configurations. A variety of seating positions and complementary side tables allow Autobahn to be used in both formal and informal settings for meetings, waiting and work.

The Flatliner Wall shelving system has been designed to allow the top edge of each shelving unit to clip onto the bottom edge of another.

The FLW-01 and FLW-03 units include a mounting bracket to allow the shelf to hang directly off a wall without requiring the use of another shelf. Use these units as the top shelf in a stacked configuration or if mounting only a single row of shelving.

Flatliner Wall can be ordered in any length between 1000mm 39.5" and 2900mm 114.75". For assistance in planning a Flatliner Wall to suit your space, please contact us.
Catering for the ever increasing demand for adaptable furniture, Fragment ottoman provides versatility in form and configuration; its angles allowing dynamic formations using many or just a few pieces. Fragment can create vast undulating seating or compact clusters.

Mass is a combined table and seating collection capable of providing un-restrictive accessibility to all eight users. Made with durable and lightweight aluminium, this table hybrid is ideal for outdoor applications. Mass takes its name from the envelope size and scene of coming together, ‘breaking bread’.

Peak

Peak’s simple yet surprising use of lines and angles lends itself to your imagination. The valley end of Peak creates an object capable of adapting to a multitude of roles. What was once a coffee table is now a petit worktable or storage shelf. Constructed of solid oak; it can be stacked, linked, stood upright or laid flat.

QTZ is a diverse set of seats and side tables inspired by the naturally occurring forms of Quartz. Using advanced technologies and craftsmanship, QTZ is made in stainless steel with a range of powder coat finishes, and the option for an upholstered pad. An iteration of QTZ gives new life to old plastic using a 100% recycled LDPE plastic material, perfect for both in and out-door use.
