

Free College Courses for Worcester Public School Students

Worcester State University

Summer 2021

HC-403-CDU - Careers in STEM and Public Health

Mon./Wed. 3:30 – 4:45
Online/Remote Synchronous
May 17 – July 2, 2021
3 Credits

Planning for a fulfilling, successful career is essential to achieving economic stability and life-long well-being. It all begins with setting yourself up for success by preparing appropriately. In this course, you will learn about career preparation, resume building, and building a career-oriented social media presence. This course will highlight potential career choices in healthcare, public health as well as Science, Technology, Engineering, and Math (STEM).

WL-193 – Latino Issues

Tues./Thurs. 3:00 – 4:15
Online/Remote Synchronous
June 28 – Aug. 13, 2021
3 Credits

In this course we will collectively and critically analyze the numerous complexities regarding the Latino identity and the experiences of Latino youth in the United States. As a learning community, we will deepen our understanding of what it means to be Latino in the world today, and how the history of colonization, governance, pop-culture, and other societal spheres have influenced the socialization of the Latino identity. Course topics will centralize the multidimensional intersections of race, ethnicity, gender, class, religion, sexuality, and other identities within the scope of the Latino identity in the United States and beyond. Not only will students explore the issues, but also further their knowledge around strategies to promote agency and activism in the pursuit of justice and equity for all Latino youth.

Register for this course now at <https://forms.gle/nwbRGfXAq8jSphxk6>.
