

I am going to the Nasher Sculpture Center.

We may park at the DMA underground garage or on the street.

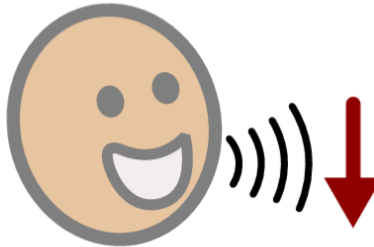

Signs and maps help me find my way around.

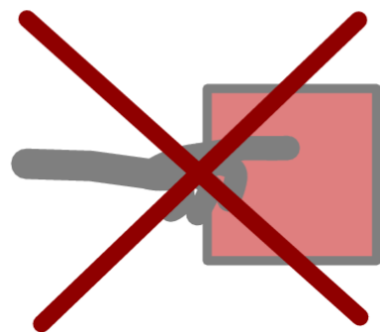

I can look at the art from 2 feet away.

I can talk about the art in a quiet voice.

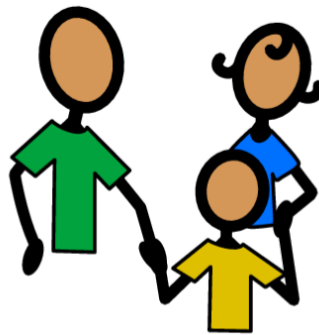

We shouldn't touch the art because it's special.

If there is noise outside, I can wear headphones.

If I stay close to my group I won't get lost.

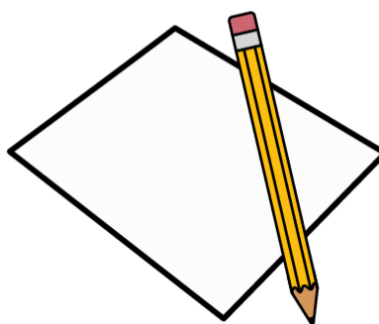

There is a quiet room to take a break.

Sometimes, I need to use the restroom.

I can use a pencil to do the activities in my kit.

Today was a good day!
