INTERFAITH SPEAKERS WANTED: NO EXPERIENCE REQUIRED!

INTERFAITH ATLANTA (IA) is a 501(c)(3) nonprofit with roots going back nearly four decades. IA promotes understanding, respect, prayer, interaction and unity among the diverse faiths in the greater Atlanta region, to advance the influence of voices of the faith communities for the common good. IA's five goals are: Advocacy and Action; Communal Prayer; Dialogue; Cooperation and Networking; and Education on Religion.

To foster the Education Goal, IA, through its INTERFAITH SPEAKERS NETWORK (ISN) provides a 60 or 90 minute panel presentation to audiences from middle schoolers to seniors. We provide opportunities to hear and interact with a panel of local practicing representatives from six faith traditions: *Christianity, Islam and Judaism* (the Abrahamic faiths) and *Buddhism, Hinduism and Sikhi* (the Eastern faiths). The panels are educational, interactional and facilitate dialogue and understanding between different religions. In addition to sharing information, ISN panels showcase ways that different faith traditions can work together.

WE NEED YOU! If you are a layperson or a clergy person who can provide basic insight into your religious tradition, we would love for you to join our Network.

TRAINING is scheduled for **SATURDAY, JUNE 1ST FROM 2PM – 5PM @** Christ the King School in Buckhead. **JOIN US!** Just register here:

Interfaith Speakers Network Training Registration ([google.com](https://www.google.com))

For more information, contact David Schoenberg (dschoenberg1959@att.net) or (404) 518-0399. Or check out our website:

Focus: Establish Leadership in Local countries around stabilizing migration by fostering economic self -sufficiency

EL SALVADOR

Rev Santiago Flores-Migration Theology and Economic Sustainability The Aim is to build sustainable communities that are resilient in San Salvador and surrounding areas. Education sufficiency and micro loan development.

GUATAMALA- CEDEPCA

“Earlier this month I had the wonderful opportunity to participate in a mission trip to Guatemala through **CEDEPCA** that provides Educational, social and community development opportunities for women and families Guatemala. We met in many of the homes of those who had received assistance and saw the direct impact. Water filtration systems and gifted teachers can make a difference in creating change. A delightful morning was spent sharing a Bible study with a group of indigenous Mayan women and also at a coffee cooperative plantation where we learned about the struggles to compete in a popular industry. The heart-felt thanks and appreciation for sharing our time with them only added to my joy in now knowing them as friends.

I encourage everyone, as you are able, to participate in supporting our mission partners and join in the joy of seeing the world with new eyes! You'll be glad you did!

Eric Mjorud
