

Application

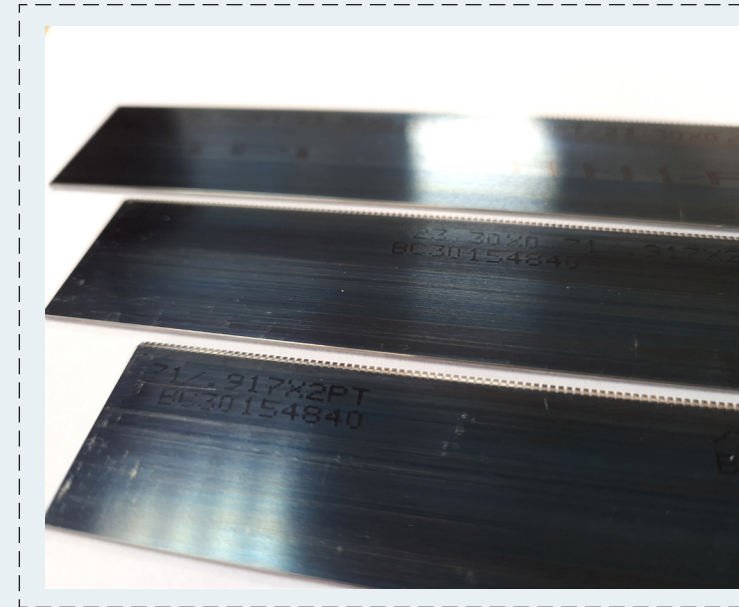

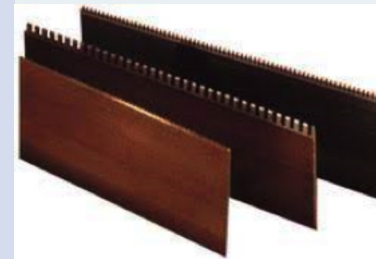

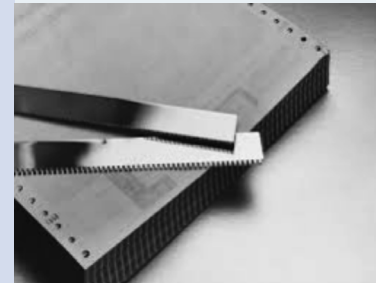

The MINI PERF (MICROPERF) range from C&T MATRIX offers an infinite number of perforating options typically found within the BUSINESS FORMS, CONTINUOUS STATIONARY, CARTON BOX and LABEL industries.

It is the perfect solution to many folding, tearing and rip out applications, where the precision ground teeth provide a clean cut to the substrate with repeatable accuracy to ensure the same results time after time.

MINI PERF from C&T MATRIX uses the highest quality steel rule with high body stability, but excellent bendability, it can be used on a wide variety of thin and thick applications. With its edge hardened cutting edge and deep precision ground teeth, it provides an accurate smooth finish to a range of substrates over any production run length.

Features and benefits

- Deep precision ground teeth
- Ultimate dimensional accuracy
- Strong, sharp, bendable rule
- A wide variety of TOOTH and TIE sizes
- Packed in 5 metre lengths for minimal stock investment costs

Product Sizes

2pt 22.30 30TPI in metre lengths (5 x 1 metres per pack)

Order code: YRSRMP223030TPI2B

2pt 23.30 30TPI in metre lengths (5 x 1 metres per pack)

Order code: YRSRMP233030TPI2B

2pt 23.80 30TPI in metre lengths (5 x 1 metres per pack)

Order code: YRSRMP238030TPI2B

All other MINI PERF (MICROPERF) is available upon request, within the range of 20TPI to 100TPI, with many options for bespoke TOOTH and TIE size
