Technology in Schools Program
Guidelines

To be considered, your Technology in Schools Program request must include the following supporting documents:

- Proposal Narrative
- Project Budget
- Bids/Estimates
- Support letter from your school site’s Principal or Superintendent

The deadline to apply for the school year is April 30. Notifications will be sent by email no later than July 31.

Funding awards will typically range from $5,000 - $15,000

Proposal Narrative
Limit your proposal to three pages maximum and include the following information:

Background
Include a brief summary on your school’s history and the students you serve, with specific socio-demographic information. Provide information on your current programs, activities, and accomplishments. Include details on current technology efforts and or programming.

Request
Outline your project and include the scope of the project, the anticipated impact, the need or problem your project works to address, and the anticipated life span of the technology components. Describe whether this project is new, ongoing or an expansion of a current program and your target audience. Summarize the skills and relevant experience of key staff that are essential to the project’s success. Include any additional resources that have been committed to the project and describe any current limitations.

Additional Information
For the purposes of evaluating the request, we’d also be interested in knowing:

- How will you plan to maintain the technology equipment?
- Why is this request of value to your students?
- How do you plan to evaluate the effectiveness or impact of the project or program?
**Project Budget**
A project budget is required with all requests. You may use the format provided or create your own. It must include and identify any income sources, expenses, and total costs.
