Did you know... Sexuality is a taboo topic in API communities, and Asian American youth report knowing less than their peers regarding sex and sexual health, making them more vulnerable to sexual abuse.

- CPAF runs the only rape crisis center supporting API survivors in California.
- Last year, we assisted 133 survivors of sexual assault, speaking 8 languages.
- Last year, we trained 71 youth to become peer counselors and youth leaders working to end dating and sexual violence in their schools and communities.
- To date we have worked with and trained 170 youth since 2016.
- Over 50% of CPAF’s shelter residents are children & youth.
- CPAF runs the only emergency shelter supporting immigrant API domestic violence survivors in SoCal.
- Last year, we sheltered 120 individuals speaking 12 languages, all while renovating one of our facilities with support from W.M. Keck Foundation, the Anderson Foundation, and J. Mark Tapier Foundation.

We are all united against violence.

We are united in building a world where every person is valued and inspired to help each other, because all of us deserve to live free of violence.

Speak up, share, and help.

Break through the silence and prevent harm from occurring. Now, more than ever, is the time to join our mission to end violence.
