Application for Half-Fare Discount During Non-Peak Hours

The Federal Transit Laws (49 USC Chapter 53) require that elderly persons (age 60+) and persons with disabilities, or an individual presenting a Medicare card, will be charged not more than half of the normal fare during “non-peak” service hours. Bowling Green Public Transit considers the hours of 6:00 a.m. – 6:00 p.m. to be non-peak service hours.

If you believe that you qualify for this discounted fare, please complete this application and return to Community Action along with proof of your eligibility. Some acceptable types of documentation include a driver’s license or other identification card showing your age, a Medicare card, or documentation of a disability. We also accept Medicaid cards as documentation.
