all i wanted was my time on you
lay on a melody right next to you
shoot up the stars on a midnight cruise
stay acting love like a sunrise

honestly i want you bad
girl you got me saying i want you back
and i cant do without you, you know that i need you
cant leave you, cant leave you

sativa
girl you got me flying without visa
sativa
mi amor, mi --- deeper
time after time, time after time, after time time
you got me high, you got me high high
you blow mi mind when you tell me goodbye
you making me cry when you buss up mi eye

Drugs

A term of varied usage...in pharmacology...any chemical agent that alters the biochemical or physiological process of tissues or organisms.

For the purpose of this presentation we will be discussing illicit psychoactive drugs.
Drugs in Schools

Over the Counter and Illegal
Antihistamine Drugs

Antihistamine can be easily accessed over the counter and is used for temporary relief of allergy symptoms, motion sickness and in the treatment of Parkinson’s Disease.

Police also noted if any quantity of the drug is seized, they would have to wait on the assistance of the Organised Crime Intelligence Unit (OCIU) to determine whether there is any trace of cocaine in the drug, otherwise the people in possession of the drug may not be charged, because designer chemicals such as MDMA, which is the base chemical in ecstasy, are not on TT’s dangerous drugs list.
