“While we have the gift of life, it seems to me the only tragedy is to allow part of us to die—whether it is our spirit, our creativity, or our glorious uniqueness.”

~Gilda Radner

Gilda’s Club Kansas City
Annual Impact Report
2020

So that no one faces cancer alone.
Dear Friends of Gilda’s Club Kansas City,

I am proud to report another year of unprecedented growth for Gilda’s Club Kansas City in 2020 – even with the health pandemic. It is due to the continued support of our community that we were able to quickly pivot and provide our programs in virtual formats. Thank you for helping us to provide education, support and hope to more that 2,218 cancer patients and their families throughout our community.

Your commitment to our vision and generosity made this phenomenal growth possible. You allowed us to not only serve more people, but to also serve them in more meaningful ways. We have added programs geared to late teens and young adults, programs that address the unique healthcare needs of the LGBQ+ communities, programs conducted in Spanish, and programs for those uninsured or underserved.

We believe that no one should face cancer alone. Through community support, we continue to offer our educational workshops, healthy lifestyle classes, short-term counseling and support groups, and resource/referral services to men, women, and children from any health system – free of charge. This not only ensures we serve everyone in our community, but also helps to avoid contributing to the potential financial toxicity of a cancer diagnosis.

Gilda Radner, our namesake, said, “Life is about not knowing, having to change, taking the moment and making the best of it, without knowing what’s going to happen next.” It is because of your generosity we were able to make the best of 2020 by adapting and expanding our cancer support services to the greater Kansas City community. Thank you!

With gratitude,

Siobhan McLaughlin Lesley
Executive Director

Our Vision:
So that no one faces cancer alone.

Our Mission:
To ensure that all people impacted by cancer are empowered by knowledge, strengthened by action, and sustained by community.

2020 Program Results:

⇒ 98.5% reported having more access to information about cancer, treatment, and side effect management.
⇒ 94% reported feeling more connected with others who share similar experiences.
⇒ 90% reported having better communication with their family and/or friends.
⇒ 94% reported feeling more empowered to manage their diagnosis successfully (or that of a loved one).
⇒ 93% reported feeling more prepared to discuss cancer with their medical providers.
⇒ 98.5% are satisfied overall with the GCKC program.

We also use CancerSupportSource (CSS) a validated psychometric distress screener, with both internal and external validity and reliability that determines overall level of distress for our participants. Results for the 2020 grant cycle participated resulted in a 2.01 point drop (on a 0–4 point scale, with 0 representing “no distress” and 4 representing “very seriously distressed”).

2020 Participant Quotes:

Because of Gilda’s, I better understand what is going on with my diagnosis and treatment. The tools and support helped me to be my own best advocate. Thank you!”
⇒ Robert

“I was so scared when my Dad was told he had cancer. I didn’t know what to say to him. My friends at Gilda’s Club taught me that my feelings are okay, and how to tell my Dad.”
- Aviva
