CAVEATS, EXPLANATIONS, AND DISCLAIMERS										
All data is taken from the institution's 2019-2020 Common Data Set except where otherwise noted.										
When an institution reported above 100% in an entry field, we rounded down to 100%.										
We attempted to contact each institution whose 2019-2020 Common Data Set was not publicly available. Some do not use the Common Data Set or similar database, and a few refused to share their data. These are noted in the Source column as "data unavailable" or "data request denied." Others who have not responded to our requests are left blank in this chart.										
Institutions that have not responded to our request for data for several years have been removed from the chart.										
The information in each institution's Common Data Set is compiled by humans, as is this chart. Errors will be made, and we apologize for any we may be responsible for. If any are found, please let us know at information.bigj@gmail.com . If verifiable numbers are required, we suggest that you contact the institutions directly.
