

December 15, 2022

Dear BosNOMA supporter,

I hope this letter finds you safe and well! We recently hosted our first BosNOMA Winter Gala and were thrilled with the turnout and support. If you joined us last week, thank you for making our gala a success! If you were not able to make it out, we hope to see you next year!

In 2022, BosNOMA was able to increase our presence in the Boston community and we maintained our membership of over 100 members! Thank you to all of our renewed members who have continued to volunteer their time and talents to BosNOMA committees and initiatives, and a warm welcome to our newly joined members.

This past summer, with the overwhelming generosity of our sponsors and many volunteers, we hosted BosNOMA's first in-person Project Pipeline camp at the Roxbury Branch of the Boston Public Library. Through an engaging in-person format, our mentor team of architects and architecture students led the campers through drawing, modeling, and presentation exercises that built on each other over the 3-day camp. We look forward to expanding the program in the coming years and building on new connections and partnerships within Boston.

This year we were also happy to introduce new initiatives including the BosNOMA ARE scholarship and our newest subcommittee, BosNOMA Firm Owners. As we continue to grow, we need your support now more than ever. With your help, we can reach our goals of achieving diversity, establishing strategic partnerships, and investing in the next generation. We hope you will join us in our efforts to increase diversity in the design industry.

Thank you in advance for your support in helping us reach our goals. Please reach out if you would like to discuss this further, or visit our website ([www.bosnoma.org](http://www.bosnoma.org)) for more information.

With warm regards,

**Ali Horwitz**  
**BosNOMA President**
