  - Group

# Types of Services

- Direct Work by Behavior Technician
- Virtual Social Skills

# Number of Hours?

Per Treatment Plan

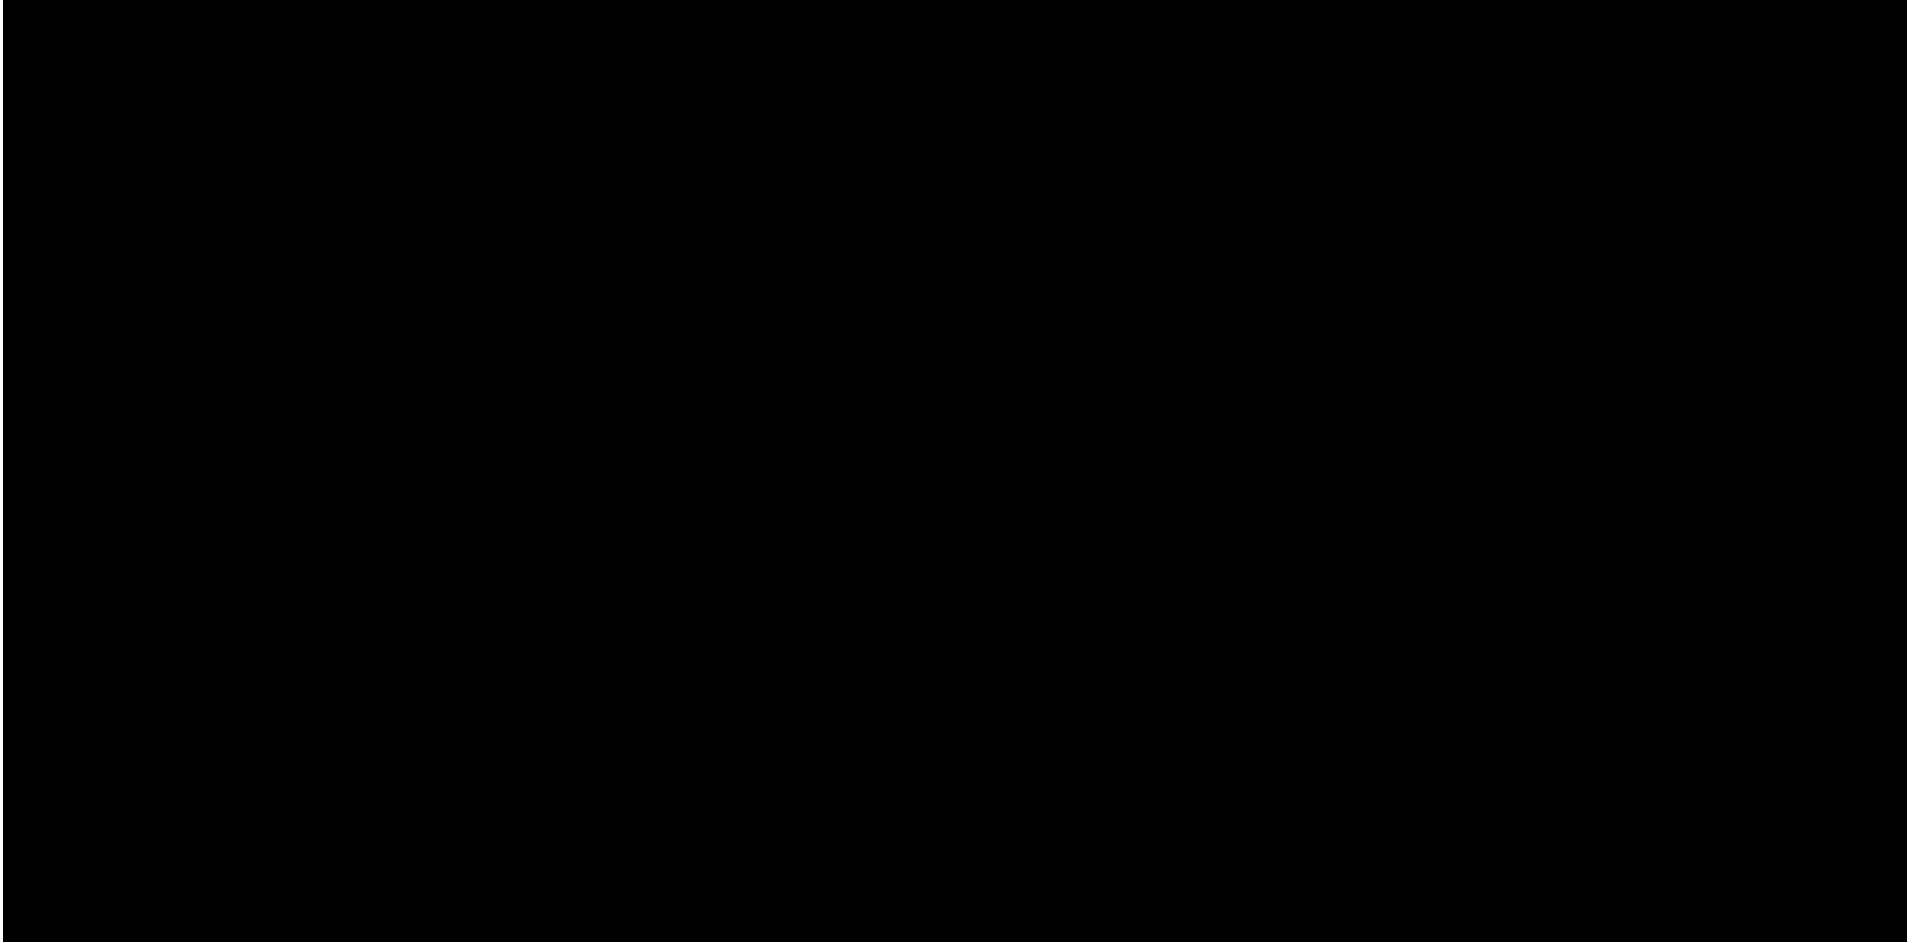

IEP: Half of the school day

# Toddlers & Pre-Schoolers

- Parent Consult
- Parent as the hands of the therapist

Dad of the Year!

# Prompting

- Instructional technique that helps the child make the correct response.
  - Used when a child does not know and/or performs a skill infrequently
  - Provides extra help the child needs to perform the desired behavior/skill so that it can be reinforced and strengthened
  - Gradually faded to decrease dependence on the prompt
- Ultimately you want your child to respond to the  $S^D$  (initial instruction) without needing a prompt to complete the task.

# Structured Teaching

# Natural Environment Teaching

# Older Elementary & Teens

- Make a list of assignments.
- Estimate time for each.
- What is easiest? What is already started?
- How much time do I have?
