Schedule: **Summer 2024 – Summer 2025**

Stage 1: Semiconductor Discovery

Summer 2024 (hybrid - in person and virtual)

- Jump into career exploration and job readiness training with Hired.
- Learn about semiconductor manufacturing, see a clean room, take tours and meet employers.
- Build job readiness, customer service, and digital skills.

Stage 2: Semiconductor Earn & Learn Pre-Apprenticeship

Fall 2024 - Summer 2025 (In Person)

- You will get paid **\$20/hour** as you work, learn, and train at Polar or Seagate.
- You will have the chance to move into **\$25/hour** apprenticeship.
- Employee benefits include health insurance, regular breaks and paid time off.
- Earn 12-credits with Normandale Community College and a credential.

Stage 3: Semiconductor Credentials

Summer 2025 (in person)

- Opportunity to move into a paid Technician Apprenticeship Program with Polar or Seagate

For more information and to apply, contact Chan Xiong, Chan.Xiong@hired.org
or 651-301-2586

This program is offered by Hired in partnership with:
