Dear GPAC Member,

Welcome to the General Plan Advisory Committee! I am thrilled to have a broad and diverse representation of our community that will help shape the future vision of our beautiful City through participation in our General Plan Update.

The General Plan is the City's primary guide for land use and development decisions and is a vital tool for shaping and improving the quality of life for our community. It serves as a blueprint for our future. Adopted in 1970, the City's first General Plan set the stage for an incredible, picturesque, well-developed, and majestic community. This initiative, entitled Thousand Oaks 2045 – Rooted in Community, is a 2.5 year-long community-driven visioning process. It is now time to build upon the great work of the past and set a vision for the next 25 years.

As a member of the General Plan Advisory Committee (GPAC), you will provide feedback and guidance to the project team in informing the development of a General Plan vision, policies, and implementing actions. Your participation will be critical to the success of the project. You will offer diverse perspectives to ensure the final General Plan reflects the vision for Thousand Oaks' future and is rooted in the community.

Please do not hesitate to contact Krystin Rice, Senior Planner, from the Planning Department, at 805-449-2335 or GP@toaks.org if you have any questions.

We look forward to working with you over the next couple of years.

Sincerely,

Andrew Powers
City Manager
