WELCOME TO THE 2019 NATIONAL CHAMPIONSHIPS

Welcome to the 2019 NMLRA Fall National Championship Shoot!

There are so many things packed into this week, you won't want to miss any of the action. We will kick off the shoot with the Opening Ceremonies at the flag pole in front of the clubhouse on Saturday, September 14th at Noon. The 1 of 1000 match will be held immediately after. If you are a 1 of 1000 member, stop by and shoot Max Vickery’s rifle at the special target created by last year’s winner. The winner will receive a handmade 1 of 1000 bolo, limited edition print of The Spirit of America by David Wright, and a beautiful handcrafted 1 of 1000 chest made by Dick Trux. Thanks to Bob Copner’s hard work and dedication to the 1 of 1000 Endowment Program.

Remember to schedule time to attend the Membership Meeting on Sunday evening. During this meeting we will honor Black Powder Hall of Fame recipients, Scholarship recipients, Field Rep of the Year winner, etc.

We will continue with tradition on Monday evening with Shooter’s Night on Commercial Row. Stop by the NMLRA booth and browse through the new merchandise. Don’t forget to add on one of the fall shoot shirts - you don’t want to miss out - these usually sell out.

If your membership happens to be coming up for renewal, consider renewing with a digital membership. This will save you money as well as the Association. You still receive the same member benefits and receive a digital copy of Muzzle Blasts instead of a print copy.

As always, I’ll be looking forward to visiting all the ranges, visiting with old friends, and hopefully making some new ones.

Have fun, be safe, and enjoy your time in Friendship!

Joe Hill, NMLRA, President

FOR YOUR INFORMATION

CHALLENGING A SCORE
Challenge Fee: Challenge your own target score – $1.00. Challenge another shooter’s target – $5.00. If your challenge in either of the above cases is denied, you will lose the fee. However, if there has been a scoring error, your money will be refunded.

To have your challenge processed, pick up a Challenge Form and pay your fee at the Registration Desk. You will have 24 hours to challenge after the match has been posted on the Scoring Board. Challenges will be addressed on the same day they are reported to the Scoring Department.

Note: You are encouraged to check the scoreboard frequently throughout the week and report errors immediately. To report posting errors or question a score, please fill out a report slip available at the Target Desk and leave it with the target sales staff. If you still disagree with the decision of the scoring room director, then a challenge is necessary.

Introductory Membership
A non-member may purchase an introductory membership. A shooter with an introductory membership may win matches, but is not eligible to set records or win aggregates. This $25.00 membership will be valid for six months and can be purchased only one time. An introductory member will receive 6 consecutive issues of Muzzle Blasts.

One Day Registration Fee
One day registration fee is $25.00. Sign up at the Registration Desk.

Poles for Sale
If you would like to “purchase” a pole on one of the firing lines at the Walter Cline Range stop by the registration desk. The cost is $50.00. An engraved brass plate will be attached to your pole. The poles are property of the Walter Cline Range.

Preparation for this intensive class includes prior study of the NMLRA Range Rules and Regulations. The course will include a multiple choice examination of 55 questions; any person getting 50 or more correct will receive a “50” patch. A score of 80% must be attained before you can proceed to the second phase of the examination—that of working under the supervision of Chief Range Officer Rick Repovsch. **RULES AND PROCEDURES**

**RULES**

*It is the competitor's responsibility to be familiar with and understand the first five sections of the NMLRA Range Rules and Regulations book before entering into competition.*

The following rules are printed here for your particular attention.

1. Only blackpowder or BATF approved blackpowder substitute permitted.
2. Ignition is by percussion cap that fits on nipple, or by flint stone striking frizzen. (Exceptions: Wheellocks with original-type ignition, and primers in slug guns.)
3. No intoxicants are to be used on firing line.
4. No smoking on firing line. Keep powder containers closed.
5. No loaded guns may be taken from the firing line.
6. Rifle and Primitive match targets may be claimed immediately following the awards ceremony; claim your target from the Scoring Room.
7. Safety shields must be used on all flintlock bench rifles and cross-stick rifles.
8. No guns are to be fired on the covered firing line after the close of each day's matches.
9. No firing of cannons on the range.
10. For safety's sake—shooting glasses and hearing protection are recommended.
11. Police your shooting area after you have completed your match.
12. Slug gun bench targets fired only on the Slug Gun Range.
13. Daily reentry protest period will end the following day at noon. Prizes will be distributed after protest period.
14. Protest and challenge period will end Sunday, September 22, at 9:00 a.m. Protests and challenges will not be allowed after the conclusion of the official score protest and challenge period.
15. See #15 on how to challenge a score.
16. All offhand matches, except musket and Schuetzen, are to be fired on the Offhand Range.
17. Schuetzen matches (10 shots) may be fired in two consecutive relays in the same day. Schuetzen matches may be fired with roundball or bullet and are to be fired on the west end of the Bench Range.
18. All false muzzles will be attached to the loading bench by a cord or similar device, so that the gun may not be placed in a firing position without removal of the false muzzle.
19. Specific, posted individual range rules take precedence over NMLRA Official Rules.
20. Off-the-shelf guns, chunk guns, muskets, squirrel rifles, one gun, smoothbores, and buffalo guns must be inspected by the range officer for sights and authenticity and must receive a sticker.
21. Check the bulletin boards for announcements and program changes.

National Rifle Matches are not squadded—all matches are timed relays. This gives competitors the opportunity to shoot their chosen matches during any day of the national competition. Last day for all reentry, aggregate, and match competition is Saturday, September 21.

**FIRING LINE RIFLE PROCEDURE** – Registration and Target Desk 7:00 a.m. - 5:00 p.m. first weekend; 8:00 a.m. - 5:00 p.m. rest of week. Registration closes at 2:00 p.m. the last Saturday. Ranges open at 7:30 a.m. and shooting begins at 8:00 a.m. (weather and lighting permitting).

1. **All competitors must register at the Registration Desk in the Clubhouse.** Registration fees are $25.00, and Juniors register for $1.00 (Juniors are competitors who have not had their eighteenth birthday; Juniors must be sponsored by an adult member. Apply at the registration desk for a Junior Shooter's card). After registration, pistol shooters report to the Pistol Shack for matches, and trap shooters report to the Trap House. Quail Walk, Skeet, and Sporting Clays competitors report to their respective ranges, north up Caesar Creek. Primitive, tomahawk and knife, and primitive bow competitors all report to the Primitive Range, south along Laughery Creek. Woodwalk competitors report to the Woodwalk Range behind the Rand House. Running Boar competitors report to range located behind the barn.

2. Select the matches you wish to shoot from this program.
   a. If you are shooting single matches (not aggregates), purchase at the appropriate Target Desk those targets listed for the particular match identified as "Individual Matches" and "Reentry Matches."
   b. If you are purchasing aggregate matches, select your aggregate at the Aggregate Desk. (See Item 4, below.)
   c. **SHOOTERS ARE RESPONSIBLE FOR PURCHASING THE CORRECT TARGETS FOR THEIR MATCHES.**
   d. Identification marks on targets are as follows: red dot—50 yards offhand; OS represents open sights.
   e. Practice targets are $1.00 and are for use only if there is sufficient space on the firing line.

3. When requesting targets at the Target Desk, tell your attendant the match number(s) you wish to shoot. Be correct in giving your registration number; always wear your registration badge so that your number can be double-checked. When sending others to purchase targets for you, send your registration number on a slip of paper with the purchaser; do not depend on memory. A match may be fired only once (exceptions: reentry matches).

4. **Aggregates must be entered before purchasing or firing any individual matches in the aggregate.** Should you fire an individual match that is included in an aggregate, you can no longer purchase that aggregate. If you shoot an individual match that is included in an aggregate that you have already entered, you have automatically disqualified both of your scores. To prevent this, purchase the complete aggregate package. Take time to check those matches included in the aggregate against your program. In this way you will not repeat matches, resulting in disqualification.

5. You may shoot any match in any relay (see certain exceptions in the Primitive Matches section).
   a. While a relay is in process, take the range you want to shoot to the range officer's station. Give the range officer the target; the officer will then assign you a position on the line and will mark your target for that position. At the order of the range officer, you will hang your own target. Be sure to verify that your target is on the correct position and yardage before the relay starts.
   b. Flint shields on the firing lines are provided for the protection of all shooters. Please leave shielded positions open for flint shooters.
   c. Get your bench and/or other gear to your shooting position in preparation to shoot in the next relay. Do not load your gun before the relay begins.
   d. In bench matches, please remove your bench from the firing line when you do not plan to shoot the next relay.

6. **Your score will be posted under the match number and by your registration number on a position sheet inside the Clubhouse. Always check to make sure your score is posted correctly.** If an error has been made, go to the Target Desk immediately. Shooters who leave the range before their score is posted, should have someone check their score.

7. If you have any questions, do not hesitate to ask the range officers, directors, or association officers. No question is too small to be answered. A small question may determine disqualifications, good scores, or someone's safety.

8. Good luck, good scores, and have a good time.

WOODSWALK MATCHES

WOODSWALK MATCH

Range Officer – Trent Wren

Range open Saturday through Saturday. First Saturday open 1-3pm; Sunday through Saturday 9am - 2:00pm. Last shooter must sign up by 2:00 pm

Welcome! 2019 is the 20th anniversary of the NMLRA Woodswalk course. To celebrate, parts of the course have been remodeled or improved. Additionally, lighter steel targets have been introduced to encourage the use of pistols and smaller caliber rifles, complementing the heavier targets for larger calibers. About 16 targets, some steel, some novelty, some easy, some quite challenging, await your shots.

The bottlenecks that were caused by multiple shots at a single station have been reduced so you’ll enjoy more shooting and less waiting. But if you need a break, several benches have been installed, as well as some rifle racks to rest your longarms. If you’ve shot Woodswalk before, you’ll like the improvements. If you’ve never tried it, you’ll be glad you did.

• A shooter’s registration badge is required from the Registration Desk in the Clubhouse. All match registration will be handled at the Woodswalk Range located behind the Rand House.
• Safety is of the utmost importance at all times.
• Load at shooting stations only. Auxiliary ramrod allowed.
• The range officer has the right to refuse or remove any shooter whose actions or equipment are unsafe.
• Weekly reentry. Medals to first, second, and third place.
• All NMLRA rules prevail.

TRIAL SMALL CALIBER MATCHES

The late Ron Ehlert foresaw woodswalk matches for small caliber rifles, because the small balls do not hit large steel targets convincingly enough to be certain of hits and misses. Twenty years after his foresight, we offer trial matches for men and women shooting small caliber rifles at smaller (and more responsive) steel targets. Awards are not yet provided by the association. They will be provided by the Woodswalk Range.

Trial Small Caliber Match

Limited to 40 caliber and smaller; Any Metallic Sights—About 16 shots-TBA—$6.00.

General Rules
1. Vehicles are permitted in the shooting area only for the purpose of loading and unloading. If you have a health problem that necessitates your use of the vehicle, please notify the Range Officer.
2. All matches will be shot under field conditions.
3. All shots will be made from hunting or ready low gun position.
4. If a shooter calls for a target from the trap and the target is not broken, the target is the shooter’s, even in the event of a mechanical failure of the gun.
5. On double or following pairs, if either target is declared “no bird,” nothing is established. The pair must be shot over again.
6. When the Range Officer calls “dead,” it can only be changed to “lost” by another Range Officer or Trap Operator. Once the bird is called “dead,” the call is irreversible.
7. All guns must be cleared in any shooting station unless otherwise specified by a Range Officer. This includes blow out, snapping caps, and striking/knapping flints. Shooters preparing for next relay may not blow out guns until current relay is completed and range is open.
8. Guns will be held muzzle above your head at all times whether loaded or not. Remember, there may be a puller on top of the tower!
9. Guns may not be primed or capped until the shooter is in the cage. On walk-outs and when turning around, be aware of other shooters.
10. No one will leave the cage with a loaded gun. The gun must be cleared unless otherwise instructed by a Range Officer.
11. No smoking in the loading area.
12. No alcohol will be consumed by a participant while in a match, and no alcohol will be permitted beyond the posted sign limit.
13. No gun, loaded or not, is allowed inside the yellow tape barrier around the tower. NO EXCEPTIONS.
14. Competitor must load their own gun. Any exceptions must be approved by a Range Officer.
15. All ties will be settled by a sudden death shoot off the following day with the exception of Thursday. All Thursday ties will be settled by Secret Station.
16. You can reenter Sporting Clays matches as many times as you wish.
17. Championship ties will be settled by sudden death starting at Station 1.
18. Eye and ear protection is strongly recommended.
19. If you see any unsafe practices, or anything which you consider unsafe, please bring them to the attention of the Range Officer immediately.
20. The largest shot to be used is #7 1/2. No exceptions.
21. The Range Officer can change the course daily. It can also be changed during the match due to a mechanical failure, or conditions that the Range Officer deems unsafe. This usually involves a wind condition.
22. No gun, loaded or not, is allowed inside the yellow tape barrier around the tower. NO EXCEPTIONS.
23. You may not reenter a match until you complete previous match.
24. During the Top Gun Championship, after a shooter’s relay is over, the shooter must leave the designated shooting area and become a spectator.
25. Please ask trapper if he is ready before calling for bird.
26. Gun Malfunctions: In the event of a gun malfunction that prevents the shooter from returning to competition before the current station is completed, the shooter may either repair the malfunction or acquire another gun from a non-competitor and complete the round; however, all targets completed by the relay up to the point the shooter returns to competition will be scored as “lost.” This rule applies to both qualifying and championship matches.
27. Because the majority of Junior Sporting Clays shooters are in school during the September Shoot, a Junior’s Championship will be held during the June Shoot only.
28. Ladies may qualify for all championships, (Singles, Doubles, Flint, Ladies). Any qualified Lady may compete for any championship, but may not shoot both the Doubles and the Ladies. She must declare which Championship she wants to shoot prior to the match, and scratch from the other.
