NATIONAL MU77/LE LOADING RIFLE ASSOCIATION

WELCOME TO THE 2022 SPRING NATIONAL SHOOT

Welcome to the June Shoot!

I know after the past couple of years we are all happy to be out more and doing the things we love here at the Walter Cline Range in Friendship Indiana! I hope we all have a great week here and shoot beyond our expectations. Please work hard to have a safe time on the range and take a moment to thank a volunteer when you see one and the staff as well because everyone puts in some long hours during our events and none of this would be possible without them. I look forward to seeing you all here this week as we kick off the summer!

Let's all hope for good weather and great scores!

CHALLENGING A SCORE

Challenge Fee: Challenge your own target score – \$1.00. Challenge another shooter's target – \$5.00. If your challenge in either of the above cases is denied, you will lose the fee. However, if there has been a scoring error, your money will be refunded.

To have your challenge processed, pick up a Challenge Form and pay your fee at the Registration Desk. You will have 24 hours to challenge after the match has been posted on the Scoring Board. Challenges will be addressed on the same day they are reported to the Scoring Department.

Note: You are encouraged to check the scoreboard frequently throughout the week and report errors immediately. To report posting errors or question a score, please fill out a report slip available at the Target Desk and leave it with the target sales staff. If you still disagree with the decision of the scoring room director, then a challenge is necessary.

Conalds OFFICIAL NOTICE TO NMLRA MEMBERS

If you cannot attend the awards ceremony and want someone to pick up your awards, please get a "permission" form from the target desk. No awards will be given out without a *signed* form. Or, if you are willing to pay the postage and handling fee in advance, the office will mail your awards as soon after the shoot as possible. Arrangements may be made at the Aggregate Desk in the Clubhouse before 5:00 p.m. on the last Saturday. The shipping fee for one to three medals is \$10.00. Medals not picked up will be held for one year. If not claimed within that period, they will be returned to the Awards Committee for recycling. *No permanent trophies will leave the grounds*.

RULES AND PROCEDURES

RULES

It is the competitor's responsibility to be familiar with and understand the first five sections of the NMLRA Range Rules and Regulations book before entering into competition.

The following rules are printed here for your particular attention.

- 1. Only blackpowder or BATF approved blackpowder substitute permitted.
- 2. Ignition is by percussion cap that fits on nipple, or by flint stone striking frizzen. (Exceptions: Wheellocks with original-type ignition, and primers in slug guns.)
- 3. No intoxicants are to be used on firing line.
- 4. No smoking on firing line. Keep powder containers closed.
- 5. No loaded guns may be taken from the firing line.
- 6. Rifle and Primitive match targets may be claimed immediately following the awards ceremony; claim your target from the Scoring Room.
- 7. Safety shields must be used on all flintlock bench rifles and cross-stick rifles.
- 8. No guns are to be fired on the covered firing line after the close of each day's matches.
- 9. No firing of cannons on the range.
- 10. For safety's sake—shooting glasses and hearing protection are recommended.
- 11. Police your shooting area after you have completed your match.
- 12. Slug gun bench targets fired only on the Slug Gun Range.
- 13. Daily reentry protest period will end the following day at noon. Prizes will be distributed after protest period.
- 14. Protest and challenge period will end the last Sunday at 9:00 A.M. Protests and challenges will not be allowed after the conclusion of the official score protest and challenge period.
- 15. See page #3 on how to challenge a score.
- 16. All offhand matches, except musket and Schuetzen, are to be fired on the Offhand Range.
- 17. Schuetzen matches (10 shots) may be fired in two consecutive relays in the same day. Schuetzen matches may be fired with roundball or bullet and are to be fired on the west end of the Bench Range.
- 18. All false muzzles will be attached to the loading bench by a cord or similar device, so that the gun may not be placed in a firing position without removal of the false muzzle.
- 19. Specific, posted individual range rules take precedence over NMLRA Official Rules.
- 20. Off-the-shelf guns, chunk guns, muskets, squirrel rifles, one gun, smoothbores, and buffalo guns must be inspected by the range officer for sights and authenticity and must receive a sticker.
- 21. Check the bulletin boards for announcements and program changes.

National Rifle Matches are not squadded—all matches are timed relays. This gives competitors the opportunity to shoot their chosen matches during any day of the national competition. Last day for all reentry, aggregate, and match competition is the last Saturday.

Bench Range: 50, 100, and 200 yd. ranges—45 minute relays; Offhand Range: 25, 50, and 100 yd. ranges—30 minute relays. Slug Range: 100, 200, and 300 yd. ranges—45 minute relays. Chunk gun and Silhouette Ranges—45 minute relays. Pistol 25 and 50 yards—30 minute relays.

FIRING LINE RIFLE PROCEDURE

Registration and Target Desk 7:00 a.m. - 5:00 p.m. first weekend; 7:30 a.m. - 5:00 p.m. rest of week. Registration closes at 2:00 p.m. the last Saturday. Ranges open at 7:00 a.m. and shooting begins at 7:30 a.m. (weather and lighting permitting).

- 1. All competitors must register at the Registration Desk in the Clubhouse. Registration fees are \$50 and Juniors register for \$1.00 (Juniors are competitors who have not had their eighteenth birthday; Juniors must be sponsored by an adult member. Apply at the registration desk for a Junior Shooter's card.*) After registration, pistol shooters report to the Pistol Shack for matches, and trap shooters report to the Trap House. Quail Walk, Skeet, and Sporting Clays competitors report to their respective ranges, north up Caesar Creek. Primitive, tomahawk and knife, and primitive bow competitors all report to the Primitive Range, south along Laughery Creek. Woodswalk competitors report to the Woodswalk Range behind the Rand House. Running Boar competitors report to range located behind the barn.
- 2. Select the matches you wish to shoot from this program.
 - a. If you are shooting single matches (not aggregates), purchase at the appropriate Target Desk those targets listed for the particular match identified as "Individual Matches" and "Reentry Matches."
 - b. If you are purchasing aggregate matches, select your aggregate at the Aggregate Desk. (See item 4., below.)
 - C. SHOOTERS ARE RESPONSIBLE FOR PURCHASING THE CORRECT TARGETS FOR THEIR MATCHES.
 - d. Identification marks on targets are as follows: red dot—50 yards offhand; OS represents open sights.
 - e. Practice targets are \$1.00 and are for use only if there is sufficient space on the firing line.
- 3. When requesting targets at the Target Desk, tell your attendant the match number(s) you wish to shoot. Be correct in giving your registration number; always wear your registration badge so that your number can be double-checked. When sending others to purchase targets for you, send your registration number on a slip of paper with the purchaser; do not depend on memory. A match may be fired only once (exceptions: reentry matches).
- 4. Aggregates must be entered before purchasing or firing any individual matches in the aggregate. Should you fire an individual match that is included in an aggregate, you can no longer purchase that aggregate. If you shoot an individual match that is included in an aggregate that you have already entered, you have automatically disqualified both of your scores. To prevent this, purchase the complete aggregate package. Take time to check those matches included in the aggregate against your program. In this way you will not repeat matches, resulting in disqualification.
- 5. You may shoot any match in any relay (see certain exceptions in the Primitive Matches section).
 - a. While a relay is in process, take the target you want to shoot to the range officer's station. Give the range officer the target; the officer will then assign you a position on the line and will mark your target for that position. At the order of the range officer, you will hang your own target. Be sure to verify that your target is on the correct position and yardage before the relay starts.
 - b. Flint shields on the firing lines are provided for the protection of all shooters. Please leave shielded positions open for flint shooters.
 - c. Get your bench and/or other gear to your shooting position and loading table in preparation to shoot in the next relay. Do not load your gun before the relay begins.
 - d. In bench matches, please remove your bench from the firing line when you do not plan to shoot the next relay.
- 6. Your score will be posted under the match number and by your registration number on a position sheet inside the Clubhouse. Always check to make sure your score is posted correctly. If an error has been made, go to the Target Desk immediately. Shooters who leave the range before their score is posted, should have someone check their score.
- 7. If you have any questions, do not hesitate to ask the range officers, directors, or association officers. No question is too small to be answered. A small question may determine disqualifications, good scores, or someone's safety.
- 8. Good luck, good scores, and have a good time.

Trial Small Caliber Matches

The late Ron Ehlert foresaw woodswalk matches for small caliber rifles, because the small balls do not hit large steel targets convincingly enough to be certain of hits and misses. Twenty years after his foresight, we offer trial matches for men and women shooting small cailber rifles at smaller (and more responsive) steel targets. Awards are not yet provided by the association. They will be provided by the Woodswalk Range.

Trial Small Caliber Match

Limited to 40 cailber and smaller; Any Metalic Sights—About 16 shots-TBA—\$7.00.

Muzzleloading & Breech Loading Double Rifle Shoot In Memory of Tom "TK" Dawson Match shot on Monday, shooting begins in the afternoon after the closing of the Sporting Clays Range. Awards for 1st-3rd

Match shot on Monday, shooting begins in the afternoon after the closing of the Sporting Clays Range. Awards for 1st-3rd Muzzleloader and 1st-3rd Breech Loading Rifle - at the range after shooting ends on the day of the match. You must be a registered shooter and NMLRA member to participate. Match fee will be collected at the range. Match Fee - \$25.00

This event will take place near the Sporting Clays Range. If you don't know how to find it, please ask for directions. Shooters will be assigned to squads, organized at the time of the shoot. Special considerations as to squadding will be done if practical i.e. two using the same rifle, etc. ALL RIFLES WILL BE CARRIED UNLOADED AND BROKEN OPEN. We muzzleloaders are not used to this. GET USED TO IT! Loading ONLY at the firing line when all is clear.

Course consists of the BIG FIVE silhouette targets with metallic "kill zone" to advertise hits. A charging buffalo is included. In addition, there will be knock-down targets and a number of elective targets. If you hit everything on the first shot and no electives, you can get by with 13 shots. With the electives and all others you many require, maximum number of shots is 40. Reserve a few shots for chronographing, sight in, and random selection of one for breakdown (to determine that all cartridges are loaded with ONLY black powder). NO smokeless powder will be permitted although you may use black powder in a nitro proved rifle. Please note: No cartridges above 12 bore as they do too much damage to our targets.

Distances will be random, just as you may find them in the field. If you know where your rifle shoots at fifty and 100 yards, you should be in pretty good shape...nothing guaranteed.

Equipment: Any safe side-by-side double permitted including cape rifles or shotguns. Excluded will be double guns with two sets of sights. Both barrels will be loaded with ball or bullet. Sights will be iron sights Optical enhancement beyond eyeglasses not allowed. This includes merit discs and swing away lenses. Eye and ear protection HIGHLY recommended.

Attire: Victorian/Edwardian attire much preferred (Google it).

Matches in this format have been enjoyed at East Enterprise and fully subscribed for a decade. Have fun, be safe and good shooting.

SAFETY

- There will be no blowing down the barrel of any gun during NMLRA National Matches. (See NMLRA Range Rules and Regulations, section 21-7.11).
- Once a shooter has completed a match, he or she must prove to the match officer that his or her rifle, smoothbore, or pistol is unloaded and safe. There are two accepted methods of proof:
 - 1. Put the ramrod into the empty barrel of gun and show the match officer the unloaded mark on the ramrod.
 - 2. Drop the ramrod, metal tip first, down the empty barrel. The "click" of the tip hitting the breech plug must be distinct.
- Failure to do either of these safety checks will result in the score being thrown out and not scored. Shooters will not have a second chance to shoot the same match again.

General Rules

- Vehicles are permitted in the shooting area only for the purpose of loading and unloading. If you have a health problem that necessitates your use of the vehicle, please notify the Range Officer.
- All matches will be shot under field conditions.
- All shots will be made from hunting or ready low gun position.
- If a shooter calls for a target from the trap and the target is not broken, the target is the shooter's, even in the event of a mechanical failure of the gun.
- On double or following pairs, if either target is declared "no bird," nothing is established. The pair must be shot over again.
- When the Range Officer calls "lost," it can only be changed to "dead" by another Range Officer or Trap Operator. Once the bird is called "dead" the call is irreversible.
- All guns must be cleared in any shooting station unless otherwise specified by a Range Officer. This includes blow out, snapping caps, and striking/knapping flints. Shooters preparing for next relay may not blow out guns until current relay is completed and range is open. Guns will be held muzzle above your head at all times whether loaded or not. Remember, there may be a puller on top of the tower!
- Guns may not be primed or capped until the shooter is in the cage. On walk-outs and when turning around, be aware of other shooters.
- No one will leave the cage with a loaded gun. The gun must be cleared unless otherwise instructed by a Range Officer.
- No smoking in the loading area.
- No alcohol will be consumed by a participant while in a match, and no alcohol will be permitted beyond the posted sign limit.
- The Range Officer can change the course daily. It can also be changed during the match due to a mechanical failure, or conditions that the Range Officer deems unsafe. This usually involves a wind condition.
- No gun, loaded or not, is allowed inside the yellow tape barrier around the tower. NO EXCEPTIONS.
- Competitor must load their own gun. Any exceptions must be approved by a Range Officer.
- All ties will be settled by a sudden death shoot off the following day with the exception of Thursday. All Thursday ties will be settled by Secret Station.
- You can reenter Sporting Clays matches as many times as you wish. 16.
- Championship ties will be settled by sudden death starting at Station 1.
- Eve and ear protection is strongly recommended. 18.
- If you see any unsafe practices, or anything which you consider unsafe, please bring them to the attention of the Range Officer immediately. The largest shot to be used is #7 1/2. No exceptions.
- 21.
- Shooters using shotguns with screw-in chokes may not change the chokes after the match begins.

 During the Top Gun Championship, after a shooter's relay is over, the shooter must leave the designated shooting area and become a spectator.
- Please ask trapper if he is ready before calling for bird.
- You may not reenter a match until you complete previous match.
- When the red flag is displayed, the range is closed!
- Gun Malfunctions: In the event of a gun malfunction that prevents the shooter from returning to competition before the current station is completed, the shooter may either repair the malfunction or acquire another gun from a non-competitor and complete the round; however, all targets completed by the relay up to the point the shooter returns to competition will be scored as "lost." This rule applies to both qualifying and championship matches.
- Because the majority of Junior Sporting Clays shooters are in school during the June Shoot, a Junior's Championship will be held during the June Shoot only.
- Ladies may qualify for all championships, (Singles, Doubles, Flint, Ladies). Any qualified Lady may compete for any championship, but may not shoot both the Doubles and the Ladies. She must declare which Championship she wants to shoot prior to the match, and scratch from the other.

ANY CHANGES IN THE SCHEDULE OR RULES WILL BE POSTED AT THE RANGE. THE RANGE OFFICER'S DECISION IS FINAL.
