FOLLOW THE YELLOW BRICK ROAD

When you support the Yellow Brick Road fundraiser, you become part of the Safe Place Campaign at JASMYN! You can personalize your brick and together we’ll show the young people at JASMYN that this community stands up for them. These new pavers are part of the final phase of the Safe Place Campaign and will appear in two locations on campus (see below). Donating a brick is easy— you can do it completely online— and nothing says you support LGBTQ youth more than being a Friend of Dorothy!

GIVE A BRICK AS A BIRTHDAY OR ANNIVERSARY GIFT, HONOR A LOVED ONE WHO HAS PASSED, OR DONATE AS A TRIBUTE FOR SOMEONE SPECIAL!

ORDER ONLINE: DONATIONBRICKS.COM/JASMYNSAFEPLACE OR DOWNLOAD A FORM: JASMYN.ORG/SAFEPLACE
JASMYN has purposefully and compassionately created safe space for LGBTQ youth for 27 years in many places throughout Duval County, like libraries, schools, museums and outdoor public spaces. In 2002, through the generosity of people like you, we established a permanent Safe Place on our little corner of Jacksonville. In this Safe Place, LGBTQ young people get sexual health services like HIV testing and linkage to medical care, peer support, mental health support, and housing support. We want to ensure the sustainability of JASMYN so this work continues.

Our Safe Place Campaign has positive change for Jacksonville at its heart. The strides our community has made in the past 25 years give us hope for the future. We ask that you commit to making the JASMYN Campus a Safe Place for our LGBTQ youth and one that Jacksonville can be proud to point to as an example of the compassionate and caring community we love to call home. When you’re a brick benefactor, there’s no telling where the yellow brick road can lead for LGBTQ youth!
