1. Living Allowance in the amount of $16,502
   a. The living allowance is taxable, and taxes will be deducted directly from the living allowance.
   b. The living allowance is not a wage. It is intended to provide for expenses a member incurs while actively serving and is not linked to the number of hours a member serves. A member who exits their term of service early will receive the portion of the living allowance that would be provided for that period of participation under the Program’s living allowance distribution policy (a member who exits early in the first week (or first ½) of a pay period receives ½ a stipend payment; a member who exits early in the second week (or second ½) of a pay period receives a full stipend payment). Members who end their service early (i.e. not completing the agreed-upon number of weeks of service AND the minimum of hours of service) will not be eligible for the remaining amount of their living allowance, either in “lump sum” or incremental payments. A member may not receive a living allowance if they are suspended by the Program.

2. Health Coverage. If a full-time member is not currently covered by a health insurance program or loses coverage due to participation in NHC, they are eligible to receive limited health coverage through the Program where they serve. Coverage for
full-time members begins after mandatory documentation is received and processed. Member health coverage does not cover family members and dependents.

3. **Member Assistance Program (MAP).** All NHC members have access to the AmeriCorps MAP, which provides accessible and quality mental health services to AmeriCorps members.

4. **Child Care.** A child-care subsidy paid directly to the child care provider by an AmeriCorps benefits administrator, GAP Solutions, is available to members who qualify. GAP Solutions distributes this allowance evenly over the term of service on a monthly basis. Members are responsible for locating their own child care providers. The amount of the child care subsidy that the member may be eligible for varies by state and may not cover the full cost of child care.

5. **Education Award.** Upon successful completion of the member’s term of service, the member may be eligible to receive an education award from the National Service Trust in the amount of $6,495 for successful completion of a full-time term (both the minimum number of weeks and minimum number of hours), the member will receive an Education Award. The member understands that they may not receive more than the amount equal to the total value of two education awards for full-time service from the National Service Trust, regardless of the stream of service in which the member serves.

6. **Loan Forbearance Interest:** If the member has received forbearance on a qualified student loan during the term of service, and the member successfully completes the term of service, the National Service Trust will repay a portion or all of the interest that accrued on the loan during the term of service. After a member is enrolled in eGrants by the NHC Operating Site staff, they may use the AmeriCorps web-based system to apply for loan forbearance. The NHC is not responsible for following through with private lenders.
