TEAM PLAY (USTA & CTA)

Teams wishing to play at the Isles must submit a roster to the committee and to the Access Management office, including players names, day of play, name of Captain, and team competition level...for example USTA 3.5, CTA 3.5, etc..

Courts will be assigned for League play by Access Management when the above information is received and approved by the Tennis Committee and Access Management.

Team captains will open team enrollment to all ICP residents in respect to level of team play. If residents at the appropriate level (as assessed by the captain) cannot reasonably complete a team roster, the team captain will submit a note to the committee for approval to admit a non-ICP player(s) to the team.

NOTE: The Tennis Committee and Access Management has the right to accept or decline a team if it does not meet the requirements as stated above or does not follow the rules throughout its season.

Team play should not occur inside Peak time for the active Season.

It is the responsibility of each team captain to coordinate any scheduling conflicts between two teams playing on the same day by contacting the league team leader to schedule matches of each team on alternating weeks.

The Team captain must register visiting teams with gate security to allow access to the Isles Tennis Facility.
