Results of surveys on labour and housing needs in Beaubassin-est

The Beaubassin-est Rural Community Council received the results of surveys carried out by the consultant Ben Champoux on the needs for labour and housing. The report clearly identifies that there are labour needs in the region, but the lack of housing is hampering the recruitment of new workers.

The surveys include data for the future Regional City of Cap-Acadie and will be submitted to the new municipality council. The results will also be shared with the members of the Cap-Acadie Chamber of Commerce to allow developers to work with the authorities responsible for ensuring the economic development of the new municipality.

For more details, visit beaubassinest.ca under Municipality / Budgets, Financial Statements, Plans and Reports to see the report and presentation, or call 506.532.0730.
