Raw Material & Manufacturing Information

Raw material origin	Vegetable
(vegetable, animal, mineral, synthetic)	
Parts used	Sea buckthorn whole fruit
Palm oil status	Does not apply
Suitable for vegetarians	Yes
Suitable for vegans	Yes
Country of origin	China
Nanomaterial	The product is not a / does not contain nanomaterial/s as defined under cosmetic regulation EC/1223/2009
Preservatives, antioxidants, other additives	Does not apply
GMO	Non-GMO certified
(Reg. EC/1829/2003 and	
EC/1830/2003)

Microbiological safety	Total plate count \leq 1000CFU/g
	Total mold ≤ 25 CFU/g
	Total yeast ≤ 25 CFU/g
	Coliform: Negative
	Salmonella: Negative
	Staphylococcus aureus: Negative
Irradiation (Dir. EC/1999/2 &	Has never been treated with ionizing radiation
amendments)	·

Storage & Handling

Shelf life / Re-test period	36 months (if appropriate storage conditions are maintained)
Storing Conditions	Store in a cool, dry and dark place

Packaging

Packaging type

16kg per drum

By-products & Impurities

Allergens	Not tested, but due to origin not to expect
Fragrance allergens: Annex III, No.	
67-92 of Regulation EC/1223/2009;	
Food allergens: Annex II of regulation	
EC/1169/2011	
Other allergens	Free from Latex
CMR	Due to origin and production process not to expect
Pesticides	Free from pesticides
Heavy metals	Due to origin and production process not to expect
Metal ca <mark>talysts</mark>	Due to origin and production process not to expect
Phthalates	Due to origin and production process not to expect
Glycol et <mark>hers</mark>	Free of any glycol ethers
Dioxin, 3-MCPD, DMF	Due to origin and production process not to expect
(dimethyl formamide)	
Formaldehyd <mark>e /Formaldehyde releaser</mark>	Free of formaldehyde or any type of formaldehyde releaser
Halogen organic compounds (AOX,	Free of AOX, EOX (below detection limits)
EOX)	
California proposition 65	Does not contain any contaminants or by-products known to the State of California
	to cause cancer or reproductive toxicity as listed under Proposition 65 State
	Drinking Water and Toxic Enforcement Act
Residual solvents	Free of any volatile impurity as defined in the USP Organic Volatile Impurities
	<467>
Other residual solvents	Free of any other residual solvents
VOC	Free of any VOC classified compound
Other impurities	Due to origin and production process not to expect
(especially mycotoxins, PAHs,	
Nitrosamines)	
BSE / TSE	Free of BSE / TSE
Ethanol	Ethanol is not used as raw material in the manufacturing of these products nor
	stored. We are not aware that in the manufacturing process ethanol can be
	introduced into the product

Toxicological data	According Cosmetic Ingredient Review (CIR): Puredia SeaBerry [™] Fruit Oil is safe as used in cosmetics
Biologically degradability	Biodegradable, insoluble in water
Animal testing	Never tested on animals by /or on behalf of Puredia Corporation Limited
In general.	

In general:

All our products are traceable by our batch number. Batch records list all raw materials used in the manufacture of our products. We hereby confirm that the above raw materials have not been the subject of animal testing or retesting for cosmetic purposes by or on behalf of our company since 2012.

Automatically generated and valid without signature 3 August 2017

Every care has been taken to compile the above information accurately. To the best of our knowledge, it strictly complies with our best results. Since the analysis is intended to describe the product and the application of this information is beyond our control, we disclaim any liability incurred in connection with its application and use. The information contained herein does not imply any legally binding statement concerning the use or description of this product. We further disclaim any liability for changes that might occur due to ageing of the product or damage during transport and storage, and we recommend that the consumer always test the product prior to using it to establish its suitability for the intended application. All facts given in this document apply only to the pertinent Puredia product. Any transfer to similar generic market products is illegal. All market participants must know the specifics of manufacturing processes and potential contaminants and must ensure the safety of their product on their own.
