Petition for Control Paid Leave

Petition for the HEROES Act:

I believe that paid leave is an essential resource all workers should have access to—especially during the ongoing coronavirus pandemic—which is why I urge my members of Congress to pass the HEROES Act. In the next major relief package, Congress must prioritize the needs of working women and families by incorporating critical paid leave policies. That means passing the HEROES Act, which will:

- *Ensure all workers have 14 emergency paid sick days and up to 12 weeks of emergency paid family and medical leave for a wider range of reasons, including COVID-19-related medical and family issues*
- *Extend paid leave benefits through 2021*
- *Provide permanent paid sick time and paid family and medical leave that mirrors the protections included in the Healthy Families Act and the FAMILY Act*
- *And include immigrants and undocumented residents, who have disproportionately been doing the essential work that's keeping our economy going*

Petition for Control Caregiving

Petition for the HEROES Act:

I believe all working people need access to childcare and caregiving supports—especially during the ongoing coronavirus pandemic—which is why I urge my members of Congress to pass the HEROES Act. In the next major relief package, Congress must prioritize the needs of working women and families by incorporating caregiving supports. That means passing the HEROES Act, which will:

- *Extend paid leave benefits through 2021*
- *Provide \$7 billion in dedicated funding for childcare*
- *Provide \$850 million for child and family care for essential workers*
- *Expand the caregiving reasons for taking paid leave, including allowing for care of family members*
- *Clarify that paid leave provided in previous relief packages, taken for COVID-19 reasons, does not count against regular Family and Medical Leave Act (FMLA) leave*

Petition for Treatment: Paid Leave and Caregiving

Petition for the HEROES Act:

I believe all working people need access to paid leave, childcare, and caregiving supports—especially during the ongoing coronavirus pandemic—which is why I urge my members of Congress to pass the HEROES Act. In the next major relief package, Congress must prioritize the needs of working women and families passing the HEROES Act, which will:

- *Ensure all workers have 14 emergency paid sick days and up to 12 weeks of emergency paid family and medical leave for a wider range of reasons, including COVID-19-related medical and care of family members with COVID-19-related medical issues*
- *Extend paid leave benefits through 2021*
- *Provide permanent paid sick time and paid family and medical leave that mirrors the protections included in the Healthy Families Act and the FAMILY Act,*
- *Provide \$7 billion in dedicated funding for childcare,*
- *Provide \$850 million for child and family care for essential workers*
- *Clarify that paid leave provided in previous relief packages, taken for COVID-19 reasons, does not count against regular Family and Medical Leave Act (FMLA) leave*

There are many opportunities to get more involved with Women Employed to address the [experimental condition issue(s)]. Which of the following activities are you interested in participating in or would continue to participate in to address **this issue?** [Check all that apply]

- Joining for in-person visits to legislators (when it is safe to do so)
- Working with us to connect with your legislator virtually or by phone
- Attending a virtual community event
- Attending an in-person community engagement event (when it is safe to do so)
- Buying a ticket to the annual fundraiser in May, the Working Lunch
- Joining a volunteer council
- Subscribing to the legislative action alert email from the Action Network
- Making a donation
- Subscribing to the e-newsletter
- None of these activities
