Accelerator Awards are open to Creative Youth Development (CYD) music organizations seeking to influence youth-serving systems so all young people have access to learning, creating, and performing experiences that reflect their culture and identity.

The mission of The Lewis Prize is to partner with leaders who create positive change by investing in young people through music. Our vision is for every young person, regardless of who they are or where they live, to have the opportunity to access music programs from a young age. We believe this can only be achieved through equitable systems change. We aim to award ambitious organizations and leaders who are already strengthening young people through rigorous and diverse music programs and influencing systems so all young people can develop greater agency over their lives and contribute positively to their communities.

Round One applications were open from May 18-July 16, 2021.
