Anonymous Survey

Alabamians for Fair Justice is a coalition of individuals directly impacted by the criminal legal system and supporting organizations united to advance bold, evidence-based solutions to Alabama’s prison crisis. Our coalition is motivated to act now and ensure the public and our elected leaders stay focused on addressing this crisis.

You can help. We want to make sure our advocacy is shaped by the people most affected by legislation related to prisons and the criminal punishment system. Your experiences and opinions will add important value to our message to legislators.

Please help us by answering a few questions. We will use your responses in our advocacy; we will not share your name or where you are housed.

1. What are the current problems you see in the prisons where you’ve been housed?

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

2. What would you like to see improved in the prisons?

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

3. Do you think new prisons will solve the problems you listed above?

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________
4. How do you feel about a prison with 3,000 (or more) beds? Would you feel safe?

5. What changes could lawmakers make to improve the conditions in Alabama prisons?

6. Which of the following do you think would make the most difference in improving conditions in prisons and keeping you safe, and make you better prepared for life after release?
   Please give a ranking of 1-7 (1 being the HIGHEST priority and 7 being the LOWEST priority)
   ____ More and better trained staff
   ____ More programs, classes, and activities
   ____ New prison buildings
   ____ Better medical care
   ____ Management that responds well to problems
   ____ More effective drug intervention strategies
   ____ More effective violence intervention strategies

7. Is there anything else you would like to share?
