
GOF AMBASSADOR GUIDE

GLOBAL ORPHAN FOUNDATION
caring for the world's most vulnerable children

A WORD FROM OUR DIRECTOR

I'm thrilled that you're interested in becoming a Global Orphan Foundation Ambassador!

Thank you for even considering spending your time and efforts helping orphaned children.

Here at GOF, we are building something that will quite literally transform lives for orphaned and vulnerable children around the world. We work for those children. Our board and staff always say that if we do our job well, we'll create something that matters as much to them as it does to us, and all of our lives will be better for it. We have a rare opportunity. Let's make the most of it together.

In the following pages, you'll find out more about who we are, what we do, why we do it, and the tools and resources we've compiled to help you. Should you need any other assistance, please let us know.

Again, thank you for being a part of the GOF family!

ABOUT US

Global Orphan Foundation is a US-based non-profit with a global mission - to advocate on behalf of orphaned and vulnerable children worldwide and respond with action. We have witnessed firsthand the struggle to meet the basic needs of orphaned children in third-world and developing countries and are committed to easing that burden. We believe that all children deserve a champion.

Since 2007, we have invested in programs that address some of the world's most pressing issues. Each one is designed to be transferable to any community, anywhere in the world. By investing in today's youth, in the world's most vulnerable populations, we're working for a brighter tomorrow.

BOLINGO VILLAGE: in 2019, we opened our most ambitious endeavor to date, a sustainable children's care village in Democratic Republic of Congo. We are revolutionizing the standard of care for orphaned children in Congo to provide them with all the tools to become tomorrow's leaders. Our village goes beyond meeting basic needs, offering a variety of educational opportunities, consistent medical care, a loving foster family, and emotional and spiritual care. In short, a robust and abundant childhood with a bright future.

DRC INSECT FARMING: We have created an innovative and sustainable solution to malnutrition and food insecurity in Congo orphanages. Insects are a staple of the Congolese diet and are packed with nutrients. By teaching orphanages to farm their own insect crops, we're ensuring the children in their care will always have a nutritious food source.

CAMPAMENTO MI MOMENTO: Our camp takes orphan care beyond meeting basic needs and focuses on essential life skills and leadership development. Our five-day camp, initially created in partnership with Peace Corps Nicaragua, invites young women to consider their role in society and begin planning for a vibrant future.

THE DETAILS

What is a GOF Ambassador:

A GOF Ambassador is a volunteer that wants to serve orphaned children in a simple and easy way that fits in with their normal daily life.

Why are GOF Ambassadors important?

Every nonprofit needs help. We need more people to know about and love our programs. We need more e-news signups, donors, and to stay on top of people's minds.

Your Role:

As an Ambassador your role is to:

- Complete the [interest form here](#).
- Commit to posting 1 social media post per quarter*.
- Commit to posting 1 social media story per month*.
- *These posts/stories can include content shared from GOF's SM pages, templated posts that we share with you, or original content that you create. GOF accounts must be tagged.
- Start a fundraiser and/or become a monthly donor.
- Respond to action alerts from GOF Board/Staff.
- Join our e-news mailing list.

GOF's Role:

We're with you every step of the way!
