OUR MISSION

We support and empower all people living with or affected by HIV, reduce stigma, and provide compassionate healthcare to the LGBTQ+ community & beyond.

Founded in 1985 as a grassroots response to the AIDS crisis, Cascade AIDS Project (CAP) is now the oldest and largest HIV services and LGBTQ+ healthcare provider in Oregon and Southwest Washington.
DEAR FRIENDS,

When we at CAP selected “Reflections” as our annual theme for 2020, we could not have anticipated the many meanings that the theme would take on over the course of this momentous year. We thought we were commemorating our 35th anniversary by setting our intention to reflect on our history and our purpose. We thought we would spend 2020 looking backward and inward. I thought mirrors would look fabulous on my CAP Art Auction ensemble.

Then came the COVID-19 pandemic. And the racial-justice uprising. (And the wildfires, and the presidential election, and on and on.) Our plans for a year of remembrance and rumination were shattered. And yet, ultimately, 2020 was a year of “Reflections” for CAP anyway.

The outbreak of an unknown virus evoked memories, firsthand and inherited, of the HIV epidemic’s fearful early days, while the mutual-aid networks that sprung up in response to the novel coronavirus echoed the support systems that people affected by HIV created in the early 1980s—one of which would become Cascade AIDS Project. I have never been prouder of our agency than when, after we were required to close our offices in mid-March, our staff pivoted to remote service and did everything they could to make sure no one we serve was left without support, from getting cell phones into the hands of hard-to-reach clients to delivering food boxes every week to those experiencing food insecurity.

In May, the murder of George Floyd by Minneapolis police officers, and the massive protests it incited, pushed CAP to look harder at our organization, its past, and the ways in which we have not shown up—and are still not showing up—for Black lives. In a year when the urgent needs of our clients, our families, and our selves competed for our attention, racial justice remained a priority at CAP: Our staff spontaneously formed a diversity, equity, and inclusion (DEI) discussion group. Our management team embarked on a six-month series of DEI capacity-building trainings. We created an executive-level Equity & Inclusion Advocate position to lead our equity work. That work will continue beyond 2020, I promise you; racism is a virus with no vaccine.

Next year marks another anniversary: 40 years since the first case of HIV was diagnosed in Oregon. Nothing is worth the thousands of lives we’ve lost over the past four decades—but something was gained. In the concept of contact-tracing and the wisdom of infectious-disease experts such as Dr. Anthony Fauci, one can see reflections of the HIV epidemic—a little light shed on the fight against this new virus by hard-earned knowledge from the fight against another.

I look forward to the day when both COVID-19 and HIV are pandemics of the past. Until then, CAP will be here.

Sincerely,

Tyler TerMeer, PhD
Chief Executive Officer
1981
First reports arise of a disease affecting gay men in San Francisco & New York. It is later given the name GRID for Gay Related Immune Deficiency.

1983
The Human Immunodeficiency Virus (HIV) is identified.

1985
CAP is founded to provide outreach & prevention education.

1986
Gay Men’s Health Crisis holds the first AIDS Walk in New York; over 4,500 walkers raise $710,000.

1987
CAP sponsors its first pledge walk, "From All Walks of Life," with a goal of raising $25,000.

1988
For the first time, more new AIDS cases in NYC are attributed to needle sharing than to sexual contact. The majority of new AIDS cases are among African Americans; people of color account for more than two thirds of all new cases. The first World AIDS Day is held on December 1 to create global AIDS awareness.

1989
The first CAP art auction is held, which goes on to become the agency’s largest annual fundraising event.

1990
Ryan White dies at the age of 18. The Ryan White CARE Act passes. CAP receives its first federal government funding to provide support services to clients living with HIV.

1991
NBA legend Earvin "Magic" Johnson announces that he is HIV-positive and retires from basketball.

1992
The first reports of successful combination drug treatments for AIDS are published.

1995
The CDC announces that AIDS has become the leading cause of death for Americans aged 25 to 44.

1996
A combination drug treatment known as the "AIDS cocktail" is introduced and patients are often able to delay the onset of AIDS.

1998
African Americans account for 49% of AIDS deaths. Mortality for African Americans is almost ten times that of whites and three times that of Hispanics.

1999
Ryan White dies at the age of 18.

2002
UNAIDS reports that women make up half of all adults living with HIV worldwide.

2010
CAP gets its first funding to offer HIV testing and prevention services in Southwest Washington.

2012
The AIDS Memorial Quilt is displayed in its entirety in Washington, DC for the first time since 1996. Volunteers have to rotate nearly 50,000 panels to ensure that the entire work is displayed.

2017
CAP opens new Vancouver office to expand services in SW Washington.

2017
CAP opens Prism Health, Oregon’s premiere LGBTQ+ primary care clinic.

2018
As CAP continues to expand, another office opens in Longview, WA to offer more support to people living with HIV.

2019
Prism Health launches its behavioral health services.

2020
Prism Health becomes a federally qualified health center look-alike.

CAP opens its integrated pharmacy program in partnership with Avita Pharmacy.

2020 Financial Data
CAP began because a group of people chose to use their collective power and change things in their community. Today, we may be a bigger group of people, but the sentiment is still the same. Your generous support makes change possible.

Together we are stronger.
