TAP Animator’s Creed

1. **we show respect**
   We are a team.
   We need each other to create the best animation we can.

2. **we take care of our technology**
   We respect all the equipment used in group.

3. **we focus**
   We have a lot of work to do. ALL our attention is focused on the project.
   Text + Chat outside the group.

4. **we participate**
   A team’s creativity can be more powerful than an individual working alone.

5. **we own the story**
   This is our story.
   TAP staff will challenge the group to make the best story possible.

6. **we attend group**
   We want you in group.
   Group members who are present may change the story in your absence.

TAP groups also abide by the rules established by the facilities in which we operate.
