TAP Animator Creed: Virtual Learning Edition

1 we show respect
We are a team. We live up to the same expectations as we would in person.

2 we take care of our technology
We respect all equipment used in this group. We utilize our technology with care and professionalism in order to support the learning experiences of all who attend.

3 we focus
We have a lot to learn. ALL our attention is focused on the class. We do our best to limit distractions around us. We wear headphones if possible.

4 we participate
We speak up; we ask for help when we need it.

5 we own the content
This is our class. This is our opportunity to learn more about the animation field.

6 we attend class
Our voices and ideas are valued. We log into class on time and stay until the end whenever possible.
