HOW TO PERFORM A LIFE AUDIT

Get a wad of post-its.
Write one for every activity, priority, and relationship in your life.
Stick them on the table.

Then ask which of these is helping me:
1) abide in Jesus, and
2) pursue a life of fruitfulness

Now, pick up the most important ones and build them into your schedule.

• Be shrewd with what you pick up again.
• Don’t ask: is this a good thing? Rather is this what God has for me now?
• Before you pick something up, think through its full, true cost.
