WHY IS IT IMPORTANT TO REGISTER NOW?

On June 30, Oklahomans have the chance to vote to expand access to health care coverage to thousands of low-income individuals and families. Oklahomans must submit a voter registration application by June 5 to vote in this election.

Oklahomans who are already registered to vote should verify their information and update it as necessary. Go to the Oklahoma State Election Board and follow instructions under “Update Voter Registration.”

Medicaid expansion would help Oklahomans struggling to get by — like individuals making less than $17,000 a year or a family of three making less than $29,000.

Bringing Oklahomans’ tax dollars back to the state also helps health care providers like community health centers and rural hospitals stay open and serve people who need it most.
