OUR MISSION STATEMENT:

To foster an understanding of, and equality for, the LGBT community in the general population by raising awareness through educational programs and events ultimately leading up to the annual PrideFest in St. Louis.

Impressions & ROI

Like previous St. Louis PrideFests, by partnering with Pride St. Louis for this exciting event, each of our corporate partners will enjoy an extraordinary opportunity to reach the LGBTQIA+ community to show support, promote career opportunities, and more.

Since Pride St. Louis completed its corporate rebranding in 2018, we have reached tens of thousands of people through our website, email lists, and newsletters. Additionally, Pride St. Louis has been very active on social media networks and our website, Twitter, Instagram and Facebook continue to receive a large abundance of hits, likes and click-throughs. Facebook analytics has previously determined that Pride St. Louis reached more than a half million people in the week leading up to previous PrideFests. Social media networks before and during St. Louis PrideFest are consistently awash with photos from all areas of the festival, the City of St. Louis and the Civil Courts Building lit in Pride colors.
