Choose the Program that Meets Your Training Needs!

- **Recognizing and Responding to Suicide Risk — Essential Skills for Clinicians (RRSR):** Our most advanced program, the RRSR is a two-day interactive, skills-based training based on established core competencies that mental health professionals need in order to effectively recognize and respond to suicide risk. This program has versions specific to a variety of demographics, including youth, college/universities, veterans, counseling centers, correctional facilities, and more.

- **Recognizing and Responding to Suicide Risk in Primary Care (RRSR-PC):** A 90-minute program developed to address the increasing role that primary care providers play in mental health care delivery. Available in either face-to-face or web-based formats. *Also available as an on-demand webinar.*

- **Recognizing and Responding to Suicide Risk in the Emergency Department (RRSR-ED):** A one-day training program for Emergency Department personnel to improve skills in triaging, screening, assessing, treating and making discharge dispositions for patients at risk of suicide.

- **School Suicide Prevention Accreditation Program:** A self-guided training for school psychologists, social workers, counselors, nurses, and all others dedicated to or responsible for reducing the incidence of suicide and suicidal behaviors among today’s school-age youth.

- **College and University Suicide Prevention Accreditation Program** (In collaboration with the Jed Foundation): A self-guided training for psychologists, social workers, counselors, and those dedicated to or responsible for reducing the incidence of suicide and suicidal behaviors among today’s college-age youth.

- **On-demand Webinars for Crisis Centers:** Preparation for Crisis Center Accreditation and Preparation for Crisis Worker Certification.

- **Psychological Autopsy Certification Training:** A one-day, face-to-face training program in the psychological autopsy leading to certification as a Psychological Autopsy Investigator.

- **Law Enforcement Psychological Autopsy Certification Training:** A one-day, face-to-face training program in the psychological autopsy designed specifically for law enforcement.

*Need to train a lot of people? AAS offers a training of trainers option for the RRSR and RRSR-PC.*

The RRSR, RRSR-PC and School Suicide Prevention Accreditation Program are part of the SPRC/AFSP Best Practices Registry for Suicide Prevention.

**Continuing Education Credits available for select trainings** - AAS is recognized by the National Board of Certified Counselors, National Association of Social Workers, American Psychological Association, and the Accreditation Council for Continuing Medical Education (on request).
